As millions of Jews immigrated to the United States from Eastern Europe starting in the 1870s they brought with them not only their religious heritage but also a definitive idea of the place and value of art and aesthetics in society. These ideas motivated by local customs, morality, and political and social interests are clear in the work of twentieth-century Jewish artists such as Mark Rothko, Leon Israel, Max Weber, Saul Bernstein, and more. In *Heritage: Jewish Artists in America since 1900*, Matthew Baigell situates these artists in a uniquely Jewish context. Starting from the shared values and references that informed generations of work, Baigell explores a century of progress through that specific lens. Placing these artists in a focused and continuous history of their own, Baigell shows how Jewish art in America has been informed by national and political trends, how first-generation Jewish artists responded to the works of their predecessors and images from a world away, and how contemporary artists reckon with modern Judaism. A pioneering effort to isolate a Jewish art stream all its own, *Heritage* challenges traditional assumptions about modern American art history and the connections between generations of Jewish artists.

Judaism and the Visual Image Melissa Raphael, 2009-02-19. The widespread assumption that Jewish religious tradition is mediated through words, not pictures, has left Jewish art with no significant role to play in Jewish theology and ethics. *Judaism and the Visual Image* argues for a Jewish theology of image that, among other things, helps us re-read the creation story in Genesis 1 and to question why images of Jewish women as religious subjects appear to be doubly suppressed by the Second Commandment when images of observant male Jews have become legitimate, even iconic, representations of Jewish holiness. Raphael further suggests that devout beholding of images of the Holocaust is a corrective to post-Holocaust theologies of divine absence from suffering that are infused by a sub-theological aesthetic of the sublime. Raphael concludes by proposing that the relationship between God and Israel composes itself into a unitary dance or moving image by which each generation participates in a processive revelation that is itself the ultimate work of Jewish art. *Ancient Jewish Art*

and Archaeology in the Land of Israel Rachel Hachlili, 2023-03-13. **Readings on Jewish Art** National Council on Art in Jewish Life (U.S.), 1965. **Ancient Jewish Art and Archaeology in the Diaspora** Rachel Hachlili, 2015-11-02. Jewish Diaspora in Hellenistic, Roman, and Byzantine periods from first to the eighth centuries C.E. is the subject of this work. The author thoroughly investigates origin, symbolism, and significance of the mainly synagogal and funerary art forms in the Diaspora. *Ancient Jewish Art and Archaeology in the Diaspora* is the companion volume to the successful *Ancient Jewish Art and Archaeology in the Land of Israel* 1988 by the same author. The geographical area covered includes Syria, Asia Minor, North Africa, and Mediterranean Europe. The first section examines the characteristic features of Diaspora Art: synagogue

architecture and art including the Torah shrine and mosaic pavements Another section deals with burial and funerary practices Of special importance are the sections on the Biblical scenes designs and iconography of the Dura Europos synagogue and the Jewish symbols such as the Menorah ritual objects the Ark the conch and the Torah Scrolls The book is richly illustrated with more than 325 drawings and photographs some in colour
