A History Of Song:

A History of Song Denis Stevens,1960 Story of almost a thousand years of song from the time of the troubadours to the present day *A History of Song* Denis Stevens,2003-01-01 *A History of Song* Denis Stevens,1961 Story of almost a thousand years of song from the time of the troubadours to the present day **A History of Song. Edited by D. Stevens** Denis Stevens,1960 *A History of Song, Edited by Denis Stevens. [The Middle Ages, by Gilbert Reaney, the Renaissance, by Denis Stevens, the Modern Period, by David Cox, Arthur Jacobs, Gerald Abraham, Tc].* Gilbert Chase,Anthony Milner,Hans Nathan,Philip Radcliffe,Michael Tippett,Gilbert Reaney,David Cox,Arthur Jacobs,Gerald Abraham,1960 *The History and Song of Deborah* George Albert Cooke,1892 **My Life As a Song** Scott Paulson,2019-10-05 What would it be like to live the life of a popular song My Life as a Song is the story of a popular song which takes readers on a journey that began near the end of the 19th Century 1892 to be exact The journey takes a reader through the history of recorded music by continuing to the present with a determined reach into the future The main character of the story as the title suggests is a song The song was much more than a century old when My Life as a Song was written It was older than any living human being While the song has witnessed many historical changes via the recording industry it has also witnessed the many changes in music and the music business Most of the song s experiences have been good throughout the years However some experiences have been very challenging It is difficult to designate a definite literary term to the main character in My Life as a Song While terms such as personification and anthropomorphism come to mind by definition those terms do not exactly fit a story in which a song is telling the story The reason is because a song is intangible A more correct term for My Life as a Song through the eyes of its main character is an embodiment The song as the main character is an embodiment turned into an anthropomorphism An embodiment in this instance is a tangible form of an idea or concept That is how the song is presented The song telling the story is an embodiment that has become anthropomorphic because in its tangible form it has human characteristics As a reader will experience the song tells its story through a human s words and has the ability to be in different places Most importantly the song has human emotions which are revealed when it reacts to its own incredible life and the life of its fictional songwriter Charles Williamson Through My Life as a Song travel through recorded music history while learning about the successes and tribulations of the song s lyricist and composer While the story entertains as a fictional writing it also informs factually It gives a reader a complete history of recorded music and much more My Life as a Song gives one an appreciation of lyrics and music as well as an insightful appreciation for the lyricists and composers who have created songs in the past and the lyricists and composers who still create the songs of which people enjoy performing and hearing Appropriately the book is dedicated to songwriters of all eras and of all musical genres No one has ever read a story like this before Live the incredible life of a popular song by experiencing My Life as a Song *The History of Recorded Music a historical fiction novel* by Scott Paulson **China: A History (Volume 1)** Harold M.
