**The Russians - A House Divided** - Michael & Pella Phillips (Judith), **A House Divided** Michael R. Phillips, 1992  
What roots of rebellion took the brothers of Anna and Katrina down separate paths *Orthodox Russia in Crisis* Isaiah Gruber, 2012-05-15 A pivotal period in Russian history the Time of Troubles in the early seventeenth century has taken on new resonance in the country's post Soviet search for new national narratives The historical role of the Orthodox Church has emerged as a key theme in contemporary remembrances of this time but what precisely was that role The first comprehensive study of the Church during the Troubles *Orthodox Russia in Crisis* reconstructs this tumultuous time offering new interpretations of familiar episodes while delving deep into the archives to uncover a much fuller picture of the era Analyzing these sources Isaiah Gruber argues that the business activity of monasteries played a significant role in the origins and course of the Troubles and that frequent changes in power forced Church ideologues to innovate politically for example inventing new justifications for power to be granted to the people and to royal women These new ideas Gruber contends ultimately helped bring about a new age in Russian spiritual life and a crystallization of the national mentality

**Mennonites in the Russian Empire and the Soviet Union** Leonard G. Friesen, 2022-11-17 Mennonites in the Russian Empire and the Soviet Union is the first history of Mennonite life from its origins in the Dutch Reformation of the sixteenth century through migration to Poland and Prussia and on to more than two centuries of settlement in the Russian Empire and the Soviet Union Leonard G Friesen sheds light on religious economic social and political changes within Mennonite communities as they confronted the many faces of modernity He shows how the Mennonite minority remained engaged with the wider empire that surrounded them and how they reconstructed and reconfigured their identity after the Bolsheviks seized power and formed a Soviet regime committed to atheism Integrating Mennonite history into developments in the Russian Empire and the USSR Friesen provides a history of an ethno religious people that illuminates the larger canvas of Imperial Russian Ukrainian and Soviet history **The Politics of Unfree Labour in Russia** Mary Buckley, 2018-01-11 How and why did human trafficking out of Russia escalate at the beginning of the twenty first century Why did some labour migrants from Uzbekistan Tajikistan and Kyrgyzstan find happy work situations in Russia whereas others became trapped in forced labour This book focuses on human trafficking out of the Russian Federation since the collapse of the Soviet state and on labour migration into it from Central Asia and on some internal movement It looks at the socio economic reasons behind labour flows and examines key social political legislative and policy responses Discussion includes how the Russian press covers these topics and what politicians experts and the public think about them Based on interviews polls and focus groups in Russia this book is rich in original research which highlights different Russian perspectives on exploitation in unfree labour It gives examples of entrapment in prostitution construction work on farms and in begging rings [Russians Among Us](#) Gordon Corera, 2020-02-18 With intrigue that rivals the best Le Carré novels *Russians Among Us* tells the explosive story of

Russia's espionage efforts against the United States and the West from the end of the Cold War to the present and the significant threat of hacking the 2020 election Spies have long been a source of great fascination in the world of fiction but sometimes the best spy stories happen in real life Russians Among Us tells the full story of Putin's escalating espionage campaign in the West the Russian deep cover spies who penetrated the US and the years long FBI hunt to capture them This book also details the recruitment running and escape of one of the most important spies of modern times a man who worked inside the heart of Russian intelligence In this thrilling account Corera tracks not only the history but the astonishing evolution of Russian espionage including the use of cyber illegals who continue to manipulate us today and pose a significant threat to the 2020 election Like a scene from the TV drama The Americans in the summer of 2010 a group of Russian deep cover sleeper agents were arrested It was the culmination of a decade long investigation and ten people including Anna Chapman were swapped for four people held in Russia At the time it was seen simply as a throwback to the Cold War But that would prove to be a costly mistake It was a sign that the Russian threat had never gone away and more importantly it was shifting into a much more disruptive new phase Today the danger is clearer than ever following the poisoning in the UK of one of the spies who was swapped Sergei Skripal and the growing evidence of Russian interference in American life Russians Among Us describes for the first time the story of deep cover spies in America and the FBI agents who tracked them In intimate and riveting detail it reveals new information about today's spies as well as those trying to catch them and those trying to kill them
