A Language Of Light:

The Language of Light Gerald Shea, 2017-08-22 A comprehensive history of deafness signed languages and the unresolved struggles of the Deaf to be taught in their unspoken tongue Partially deaf due to a childhood illness Gerald Shea is no stranger to the search for communicative grace and clarity In this eloquent and thoroughly researched book he uncovers the centuries long struggle of the Deaf to be taught in sign language the only language that renders them completely communicative human beings Shea explores the history of the deeply biased attitudes toward the Deaf in Europe and America which illogically forced them to be taught in a language they could neither hear nor speak As even A G Bell a fervent oralist admitted sign language is the quickest method of reaching the mind of a deaf child Shea s research exposes a persistent but misguided determination among hearing educators to teach the Deaf orally making the very faculty they lacked the principal instrument of their instruction To forbid their education in sign language the language of light is to deny the Deaf their human rights he concludes **THE LANGUAGE OF LIGHT AND SHADOW** BINDESH KUMAR

JHA, 2026-01-25 This anthology speaks in the dialect of duality where every bright moment drags a silhouette behind it and every crack in the world leaks a little beauty These stories wander the thin line between the hidden and the seen the sacred and the scarred asking what truth really looks like when the lights dim It s a collection for anyone who s ever felt torn between who they are and who they re becoming Here contrasts don t compete they converse revealing a world that s messy real and quietly luminous in all the ways that matter **THE LANGUAGE OF LIGHT** ANTONIO PETRILLO, 2017-01-19 The

language of light was written by Antonio Petrillo who dedicated the last years of his short life to its drafting Antonio was a friend of mine and a teacher and I applied his teachings about light and lighting of artworks during many years of my career I had long promised to dear Luisa Antonio s wife to publish his unreleased work but I never found the time and serenity to handle it due my work and teaching I do it now taking advantage also of the skill and availability of Roberta Todisco who oversaw the research of images and the book s graphics It s left to me to try to recreate the writing style of his work given that it would be impossible to re propose an updated version without Antonio s advices suggestions and affection that He always has given to me undeservedly Francesco Murano The Lingualumina or language of light Frederick William
