A Church Wide Enough for Everyone Steven H. Propp, 2018-02-03 Robert Schaeffer and Douglas West are best friends living in Oklahoma in 1963 when they discover that they both sense a calling to become ministers in a mainline Christian denomination But from seminary and their early years in ministry to their golden years looking back on what it takes to lead a congregation a stimulating sometimes puzzling yet often inspirational world of theological controversies and congregational concerns would unfold for these two men of God *A Church Wide Enough for Everyone* follows these two men on their journey to demonstrate the continuing relevance of the Christian faith in a postmodern world After moving to Berkeley California to attend college and seminary they have little time to ponder the vast social changes taking place before they immediately enter into intensive critical study of the Bible and Christian theology And as Robert is thrust into the ordained ministry with his wife Faye both men must in their own ways face the political cultural and ideological pressures of each passing decade responding to challenges from both within the church and from outsiders Are mainline churches and Christian theology dead Or might they be revitalized in the current century *A Church Wide Enough for Everyone* and the inspired journeys of two ministers offers a window into how this revitalization and new understanding is possible

And with All Your Mind Steven H. Propp, 2010-12-21 Its 1971 and Silas Baker is a high school senior in California whose main interests are basketball and weekend parties But his life takes a dramatic turn when he encounters a group of committed Christians who soberly inform him that Jesus is coming soon They enroll at Riverstent Bible College Its an exciting time as leading Bible teachers have predicted that Jesus will return to Rapture his Church within one generation of the 1948 formation of the State of Israel Popular movies further inflame this passion as the eager students study Apologetics and Biblical Archaeology aberrant theologies such as the Death of God movement and even conflicting interpretations of the End Times An activist spirit develops within evangelicalism culminating in the so called Christian Right as the evangelical world is rocked in the aftermath of the televangelist scandals Confronted by world views such as Calvinism and Christian Reconstruction the characters passionately debate controversies such as Biblical Inerrancy and the age of the cosmos in addition to challenging evangelicals who deny traditional doctrines such as that of endless punishment in Hell or who promote an Open yet limited concept of God himself As society evolves so does evangelicalism seeker sensitive megachurches appear while Postmodernism and the Emergent Church become realities Theologians wrestle with the question of divorce and remarriage and the role of women in the church as well as the divisive issue of homosexuality As they struggle with lifes realities they ultimately must also respond to nonchristians who are alienated indifferent or engaged in

active opposition to Christianity while searching for the meaning of Christian faith in the modern world

Historically the Reformed and Charismatic streams have seemed to be almost mutually exclusive In recent years this exclusivity has been being challenged by a new generation of Reformed thinkers This work aims at considering the contribution of John Wimber the late leader of the Vineyard Churches to contemporary theological reflection within the Reformed tradition Taking into account John Wimber s unique theology of the radical middle which is somewhere between Pentecostal and Evangelical this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty first century Written from a confessional Presbyterian context in Northern Ireland *Word and Power* places Wimber in his theological context and asks whether Wimber s view of power evangelism discipleship formation and ministry training might be a model that Reformed Churches and Presbyterians in particular could adopt for their ecclesiology today [The American Booksellers Guide](#) ,1874
