Handbook on Legal Cultures Sören Koch, Marius Mikkjel Kjølstad, 2023-05-30 Cooperation across borders requires both knowledge of and understanding of different cultures This is especially true when it comes to the law This handbook is the first to comprehensively present selected legal cultures based on a very specific set of structural elements which can be found in all such cultures Legal cultures are a product of and impacted by certain fundamental and commonly shared ideas on and expectations of the law In all modern societies these ideas are to a certain degree institutionalized or at least embedded in institutionalized practices These practices determine the way lawyers are educated and apply the law how they engage with the ongoing internationalization of law and what kind of values they adhere to Looking at these elements separately enables the reader to identify similarities and differences and to explain them contextually Understanding these general features of legal cultures can help avoid misunderstandings or misinterpretations of foreign law and its application Accordingly this handbook is a necessary starting point for all kinds of legal comparative studies conducted by academics students judges and other legal practitioners

Inequalities and Conflicts in Modern and Contemporary African History Jan Záhork, 2018-11-16 The book deals with historical social economic political and international causes contexts and consequences of inequalities and conflicts in Africa In particular the book is to puts conflicts and turbulences in Ethiopia in a broader African comparative perspective It also identifies and analyzes multiple causes of conflicts which cannot be studied only as a result of one variable Inequalities and conflicts have a whole set of causes stemming from historically inherited as well as global international socio economic political and other contexts which cannot be analyzed separately This book is vital for anyone who is interested in the study of African history comparative politics and conflict in Africa

Holy Warriors, Infidels, and Peacemakers in Africa Y. Tesfai, 2010-06-21 Out of the many challenges facing Africa today there is the tendency of some to manipulate religious and ethnic identities for private interests The book examines how religion has given rise to these conditions in Africa by weaving together issues of poverty wealth and violent conflicts

Locating Politics in Ethiopia's Irreecha Ritual Serawit Bekele Debele, 2019-08-26 In *Locating Politics in Ethiopia's Irreecha Ritual* Serawit Bekele Debele gives an account of politics and political processes in contemporary Ethiopia as manifested in the annual ritual performance Mobilizing various sources such

as archives oral accounts conversations videos newspapers and personal observations Debele critically analyses political processes and how they are experienced made sense of and articulated across generational educational religious gender and ethnic differences as well as political persuasions Moreover she engages Irreecha in relation to the hugely contested meaning making processes attached to the Thanksgiving ritual which has now become an integral part of Oromo national identity

State Politics and Public Policy in Eastern Africa Gedion Onyango,2023-03-22 This book analyses major themes in twenty first century east African politics Predominantly authored by researchers and academics from the region it examines recent political developments public policy and governance across east and southern African countries The book advocates for a regionally focused comparative approach across Africa arguing that it provides a greater level of analysis than a complete continental study Adopting a multidisciplinary approach it covers numerous topics relating to politics public policy state and nation building in Africa Filling an important void in current literature the book will appeal to academics practitioners politicians and students of politics public policy and governance Chapter 16 and 20 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) [African Foreign Policies](#)

Paul-Henri Bischoff,2020-03-26 This book explores at a time when several powers have become serious players on the continent aspects of African agency past and present by African writers on foreign policy representative of geography language and state size In the past African foreign policy has largely been considered within the context of reactions to the international or global external factor This groundbreaking book however looks at how foreign policy has been crafted and used in response not just to external but also mainly domestic imperatives or theoretical signifiers As such it narrates individual and changing foreign policy orientations over time and as far back as independence with mainly African based scholars who present their own constructs of what is a useful theoretical narrative regarding foreign policy on the continent how theory is adapted to local circumstance or substituted for continentally based ontologies The book therefore contends that the African experience carries valuable import for expanding general understandings of foreign policy in general This book will be of key interest to scholars and students of Foreign Policy Analysis Foreign Policy Studies African International Relations Politics Studies Diplomacy and more broadly to International Relations [Ethiopian-Eritrean Wars](#)

Tom Cooper,Adrien Fontanellaz,2018-07-31 Ethiopia a country of ancient origins in eastern Africa remains a military powerhouse of that continent until our days Nowadays involved in the war in neighboring Somalia Ethiopia was also involved in half a dozen of other armed conflicts over the last 60 years Crucial between these was the Eritrean War of Independence Fought 1961 1991 this was one of biggest armed conflicts on the African continent especially if measured by numbers of involved combatants It included a wide spectrum of operations from classic counterinsurgency COIN to conventional warfare in mountains with the latter being one of the most complex and most demanding undertakings possible to conduct by a military force Campaigns run during the Eritrean War of Independence often included large formations of relatively well equipped

forces led by well trained commanders along well thought out plans based on homegrown doctrine The air power played a crucial although not necessarily decisive role in many of battles Nevertheless most of details about this conflict remain unknown in the wider public Similarly relatively few Western observers are aware of relations between the Eritrean liberation movements and various dissident and insurgent movements inside Ethiopia although the synergy of these eventually led the downfall of the so called Derg government in 1991 While the first volume in this mini series spanned the history of wars between Ethiopia and Eritrea between 1961 and 1988 the second covers the period since Correspondingly it is providing coverage of military operations that led to the fall of the Derg government in Ethiopia of 1991 the period of Eritrean military buildup and a complete reorganization of the Ethiopian military in the 1990s and concludes with the first detailed account of the so called Badme War fought between Ethiopia and Eritrea in period 1998 2001 It is illustrated by many contemporary photographs maps and color profiles

A Short Guide to Writing about History Richard Marius, Melvin Eugene Page, 2007 An ideal complement for any history course A Short Guide to Writing About History stresses thinking and writing like an historian This engaging and practical text helps students get beyond merely compiling dates and facts it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers Covering brief essays and the documented resource paper the text explores the writing and researching processes different modes of historical writing including argument and offers guidelines for improving style as well as documenting sources
