The Theology of the First Christians Walter Schmithals, 1997-01-01 In The Theology of the First Christians Walter Schmithals offers a comprehensive history of the development of religious thought from the preaching of Jesus to the formation of the New Testament canon This well researched volume will be of great interest to New Testament scholars and students

The First Christian Centuries Paul McKechnie, 2002-03-05 The first three centuries of the early church were a period of struggle transition and growth Recent attempts by historians and social scientists to understand this era have produced various and conflicting accounts Indeed some have sought to overturn the former consensus regarding which texts provide reliable evidence and how they should be interpreted In The First Christian Centuries Paul McKechnie a classical scholar examines some key issues in the current debate Which ancient sources are reliable What was the social makeup of the early Christian movement What can we determine about the growth rate and persecution of first century Christians What do we know about the second generation of Christians How should we assess the reliability of our various sources from the second and third centuries What were the nature and extent of persecutions in the second and third

centuries What were the long term consequences of Paul s making converts within the household of Caesar Can we gain historical perspective on the diversity that traveled under the name Christian in the early centuries How were women regarded and what roles did they play And how was it that a Roman emperor Constantine was converted and what were the implications for the Christian movement The value of McKechnie s study lies not in providing a comprehensive narrative of the origins and growth of the early church Rather it lies in critically examining key historical issues in sustained conversation with contemporary scholarship and the ancient sources McKechnie will be valued by both students and scholars of early Christianity as an intelligent and informed companion who offers repeated and valuable insights into this critical era of Christian beginnings

The First One Hundred Years of Christianity Udo Schnelle,2020-06-30 Beginning as a marginal group in Galilee the movement initiated by Jesus of Nazareth became a world religion within 100 years Why among various religious movements did Christianity succeed This major work by internationally renowned scholar Udo Schnelle traces the historical cultural and theological influences and developments of the early years of the Christian movement It shows how Christianity provided an intellectual framework a literature and socialization among converts that led to its enduring influence Senior New Testament scholar James Thompson offers a clear fluent English translation of the successful German edition

A history of the first Christians Alexander J. M. Wedderburn,2004 [A History of Christianity](#) Diarmaid MacCulloch,2010 Christianity one of the world s great religions has had an incalculable impact on human history This book now the most comprehensive and up to date single volume work in English describes not only the main ideas and personalities of Christian history its organisation and spirituality but how it has changed politics sex and human society Diarmaid MacCulloch ranges from Palestine in the first century to India in the third from Damascus to China in the seventh century and from San Francisco to Korea in the twentieth He is one of the most widely travelled of Christian historians and conveys a sense of place as arrestingly as he does the power of ideas He presents the development of Christian history differently from any of his predecessors He shows how after a semblance of unity in its earliest centuries the Christian church divided during the next 1400 years into three increasingly distanced parts of which the western Church was by no means always the most important he observes that at the end of the first eight centuries of Christian history Baghdad might have seemed a more likely capital for worldwide Christianity than Rome This is the first truly global history of Christianity

The Early Growth of Christianity & the History of the First Christians Edward Gibbons,198? **The History of the Christian Religion and Church During the First Three Centuries** August Neander,1841 [The Early Growth of Christianity and the History of the First Christians](#) Edward Gibbon,1986-07-01 [Comparing Christianities](#) April D. DeConick,2023-10-09 A ground breaking introductory textbook for the study of the New Testament and the first Christians written for the next generation of students Comparing Christianities An Introduction to the New Testament and the First Christians maps the historical rise of Christianity out of a network of early Christian movements This major new textbook

systematically explores the struggles to define the faith by presenting Christianity as the result of a lengthy process of religious consolidation which emerged from a landscape of persistent Christian diversity. The book delves into the history of the first five generations of Christians from Paul to Origen. The first chapter considers the challenges of constructing Christian histories and offers a new model of Christian families to organize and explain the emergence and competition of different varieties of Christianity. Each successive chapter focuses on key issues that Christian leaders engaged over the centuries demonstrating how the questions they posed and the answers they provided gave Christianity its distinct shape. As the movements competed for social advantage Christians began identifying certain Christian movements as enemies and consolidated against them. The final chapter schematizes the Christians studied in the book into three families of Christian movements based on the particular God they worshipped and other shared patterns of thought and practice. This chapter also explains where the varieties of Christianities came from and how the process of consolidation undertaken by some churches shaped Christian identity within a forge of intolerance that still affects us today.

Comparing Christianities explores the answers to questions: Who were the early Christians and what did they write? What did Christians think about sex, women, immortality, Judaism, suffering, and death? What rituals did the first Christians practice and what did their religious experiences mean to them? How did Christians live in a Roman dominated world? How did the first Christians explain the origins of their movement?

Comparing Christianities: An Introduction to the New Testament and the First Christians serves as an excellent primary textbook in undergraduate classrooms for Introduction to Christianity, Introduction to Religion, New Testament Studies, Christian Origins, World Religions, and Western World Religions and a thought provoking resource for anyone wishing to know more about Christianity.

A History of the Christian Church During the First Six Centuries Samuel Cheetham, 1894

THE WAY to CHRISTIANITY John Larke, 2014

The earliest Christians wrote their own history to justify their faith and claim a direct line of authoritative teachings based on the words of Jesus. As a result a good deal of what they compiled was belief rewritten as though it was history. Remarkably after almost two millennia it is possible to recover the authentic origins of Christianity based exclusively on the historical sources rather than belief. This shows that the beginnings of Christianity lie in two quite disparate religious groups one of which was exclusively Jewish whilst the other was predominantly gentile. The spiritual leadership of the Jewish sect which became known as The Way was provided by a succession of holy men from the same extended family which included Jesus. The central prophesy of The Way was the imminent arrival of the Kingdom of God. When with God's help the Jewish Nation would overcome Roman occupation and permanently rid itself of foreign domination. The kingdom of God was exclusively Jewish and the Gentile world played no part in it. After the death of Paul of Tarsus his followers lost their Jewish inheritance and began to see Jesus in ways that were profoundly heretical within Judaism yet wholly acceptable within the Pagan world. In particular they claimed that Jesus was the divine Son of God rather than a Son of God in a Jewish sense where a deeply religious Jewish man who did the will of God.
