A History Of Tidworth And Tedworth House:

A History of Tidworth and Tedworth House David J. Croman,1991-01-01 Tidworth was an ancient village in a wooded valley on the edge of Salisbury Plain For long centuries it had remained a rural settlement of farms and cottages half in Hampshire half in Wiltshire with life revolving round the manors especially the fine Palladian mansion and estate of Tedworth House Then in 1901 the Army arrived Within a few short years the place had undergone one of the most dramatic transformations to become the second largest military garrison in the country and known to countless thousands of soldiers who were stationed there *The Wiltshire Archaeological and Natural History Magazine* ,2009 **History, gazetteer, and directory of Hampshire and the Isle of Wight** William White,1878 History, Gazetteer and Directory of the County of Hampshire William White,1878 **Refugees in an Age of Genocide** Antony Robin Jeremy Kushner,Katharine Knox,1999 The end of mass rescue The Local Historian ,1992 Issues for autumn 1961 include the Standing Conference for Local History Bulletin **A History of Hampshire and the Isle of Wight** Herbert Arthur Doubleday,William Page,1911 **The Wiltshire Archaeological and Natural History Magazine** ,1902 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society The Wiltshire Archæological and Natural History Magazine Edward Hungerford Goddard,1901 **A History of Aerial Photography and Archaeology** Martyn Barber,2011 Packed with examples of the photography it describes this accessible book celebrates the role which flight and aerial photography have played in the development of archaeology and the identification and analysis of key sites in Britian Beginning with balloonist adventurers and pioneers of flight it explores the parallel development of military reconaissance techniques and their usefulness to archaeologists concentrating especially on the era between the two world wars when aerial archaeology really came of age **Index to the Victoria History of Hampshire and the Isle of Wight** William Page,1914 *British Book News* British Council,1992 Includes no 53a British wartime books for young people **Oxford Dictionary of National Biography: Kebell-Knowlys** Henry Colin Gray Matthew,Brian Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 **Beliefs, Rituals, and Symbols of the Modern World** Dean Miller,2014-08-01 Learn about the ethereal the other worldly and the unknown of the twentieth and twenty first centuries in this fascinating look at the supernatural in the modern world **The Second World War and Irish Women** Mary Muldowney,2007 Based on interviews with over thirty Irish women this book covers their experiences during the Second World War years and how the war impacted on them in terms of their public and private roles Themes such as class and income employment health and housing are covered arising from the women s recollections and international research into women and war The women from a variety of family and social backgrounds mainly lived and worked in Belfast and Dublin between 1939 and 1945 but some of them went to Britain to take up war work The women s own stories are compared with contemporary observations from a number of sources including the Mass Observation diary of

Belfast woman Moya Woodside Other comparisons are made with newspaper commentaries and the files of government and other public bodies responsible for shaping social policy The book shows that despite the many restrictions that the interviewees faced in terms of access to education employment opportunities and to equal treatment in a number of spheres most of them overcame the obstacles in their way some of which were considerable Although the research demonstrated that in economic political and social terms the war did not make any significant impact on Irish women the evidence of the individuals who contributed their memories showed that it offered them opportunities to spread their wings as one of the women described her activities The book also compares the position of Irish women with their contemporaries in other western countries While there has been a lot of research on the topic of women and war in other countries no comparable work has yet been carried out here **Whitaker's Book List** ,1991 The beauties of Wiltshire John Britton,1825

Polo in Britain Horace A. Laffaye,2014-01-10 Ever since British soldiers returning from India in the mid nineteenth century introduced their homeland to a fast paced ball game on horseback polo has remained the quintessential British sport Although its origins lie in Asia British pioneers are credited with both modernizing the game and spurring its spread worldwide This volume chronicles the history of polo in the British Isles from its beginnings in the 1860s through the summer of 2011 It recounts the development of polo clubs including the rise and fall of once mighty citadels of the game describes the major competitions and many of the lesser tournaments in England and Ireland and gives particular attention to international contests Biographical sketches of top players from early innovators to current superstars and reflections on current issues affecting the game including the rise of commercialism and the decrease of civility and sportsmanship complete this vivid panorama of British polo *The Wiltshire Archæological and Natural History Magazine* ,1912

Broken Pots, Mending Lives Richard Osgood,2023-08-17 A fully illustrated insight into an innovative recovery program that supports wounded soldiers through involvement in archaeology For those that survive the traumas of military conflict can be long lasting It might seem astonishing that archaeology with its uncovering of the traces of the long dead of battlefields of skeletal remains could provide solace and yet there is something magical about the subject Operation Nightingale is a program set up in 2011 within the Ministry of Defence of the United Kingdom to help facilitate the recovery of armed forces personnel recently engaged in armed conflicts in Afghanistan and Iraq using the archaeology of the British Training Areas In the following decade the project expanded to include veterans of older conflicts and of other nations from the United States from Poland from Australia and elsewhere In archaeology there is a job for everyone from surveying and drawing to examining the finds to digging itself Often this is in some of the most beautiful and restful of landscapes and with talks around a campfire at the end of the day This book is the story of those veterans of their incredible discoveries of their own journeys of recovery and sometimes into a lifetime of archaeology From the crash sites of Spitfires and trenches of the Western Front in the First World War through to burial grounds of convicts camp sites of Hessian mercenaries and Anglo

Saxon cemeteries Lavishly illustrated this work will show the reader how the discovery of our shared past of long forgotten houses of glinting gold jewelry of broken pots can be restorative and help people mend otherwise damaged lives
