

A House Divided

The Dilemma of
Northern Ireland

Rt. Hon.

James Callaghan M.P.

Nearly five years after the first violence flared in Londonderry, the issues of Northern Ireland have been so clouded by bomb smoke, political rhetoric and daily exposure in the media that it is difficult to recall the events that led to the present tragedy. Yet no final settlement of the intricate problem of Ireland - North and South - can be envisaged without the support of informed public opinion. This requires an examination of the facts: as they were; and as they are today.

James Callaghan's book is as important as it is timely. As Home Secretary from December 1967 until the Labour Government went out of office in 1970, and subsequently as Opposition spokesman on Northern Ireland until the end of 1971, he is in a better position than anyone to give a factual, chronological account of what actually happened, and of the moves made by all concerned in an attempt to avert disaster. He also gives a clear analysis of the economic and political factors which underlay the state of affairs in Northern Ireland when he first grappled with the problem at the time of the Civil Rights marches in October 1968.

Mr Callaghan is in a unique position to give the inside story - from the resignation of O'Neill to the resignation of Faulkner and the imposition of direct rule in the spring of 1972. He sheds light on the premiership of Chichester-Clark; the controversial use of CS gas; the No-go areas; the use of B-Specials and the use of British troops; a call by the Republic of Ireland for a UN peace-keeping force; the appointment of the Hunt Commission and the Scarman Tribunal; the emergence of the Provisional IRA, and internment; as well as on the recent Ulster referendum and the White Paper.
