**The Book of Revelation** G. K. Beale,2013-09-07 This commentary series is established on the presupposition that the  
theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to  
the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes  
which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text  
An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in  
recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of  
the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and  
others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs  
of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but  
does not now use it on a regular basis      Life and Death Francesca Stavrakopoulou,2021-01-28 Life and Death Social  
Perspectives on Biblical Bodies explores some of the social material and ideological dynamics shaping life and death in both  
the Hebrew Bible and ancient Israel and Judah Analysing topics ranging from the bodily realities of gestation subsistence and  
death and embodied performances of gender power and status to the imagined realities of post mortem and divine existence  
the essays in this volume offer exciting new trajectories in our understanding of the ways in which embodiment played out in  
the societies in which the texts of the Hebrew Bible emerged      *Churchill's Bestiary* Piers Brendon,2018-10-25 In this  
fascinating and unique biography Dr Piers Brendon looks deeper into Churchill s love of the animal kingdom and at how
