A King In New York:

Chaplin in the Sound Era Eric L. Flom, 2015-07-11 Charles Chaplin's sound films have often been overlooked by historians despite the fact that in these films the essential character of Chaplin more overtly asserted itself in his screen images than in his earlier silent work Each of Chaplin's seven sound films *City Lights* 1931 *Modern Times* 1936 *The Great Dictator* 1940 *Monsieur Verdoux* 1947 *Limelight* 1952 *A King in New York* 1957 and *A Countess from Hong Kong* 1967 is covered in a chapter length essay here The comedian's inspiration for the film is given along with a narrative that describes the film and offers details on behind the scenes activities There is also a full discussion of the movie's themes and contemporary critical reaction to it

[André Bazin, the Critic as Thinker](#) R. J. Cardullo, 2017-01-28 André Bazin 1918-58 is credited with almost single handedly establishing the study of film as an accepted intellectual pursuit as well as with being the spiritual father of the French New Wave Among those who came under his tutelage were four who would go on to become the most renowned directors of the postwar French cinema François Truffaut Jean-Luc Godard Jacques Rivette and Claude Chabrol Bazin can also be considered the principal instigator of the equally influential auteur theory the idea that since film is an art form the director of a movie must be perceived as the chief creator of its unique cinematic style André Bazin the Critic as Thinker *American Cinema from Early Chaplin to the Late 1950s* contains for the first time in English in one volume much if not all of Bazin's writings on American cinema on directors such as Orson Welles Charles Chaplin Preston Sturges Alfred Hitchcock Howard Hawks John Huston Nicholas Ray Erich von Stroheim and Elia Kazan and on films such as *High Noon* *Citizen Kane* *Rear Window* *Limelight* *Scarface* *Niagara* *The Red Badge of Courage* *Greed* and *Sullivan's Travels* André Bazin the Critic as Thinker *American Cinema from Early Chaplin to the Late 1950s* also features a sizable scholarly apparatus including a contextual introduction to Bazin's life and work a complete bibliography of Bazin's writings on American cinema and credits of the films discussed This volume thus represents a major contribution to the still growing academic discipline of cinema studies as well as a testament to the continuing influence of one of the world's pre-eminent critical thinkers

The Music of Charlie Chaplin Jim Lochner, 2018-09-20 Charlie Chaplin the actor is universally synonymous with his beloved Tramp character Chaplin the director is considered one of the great auteurs and innovators of cinema history Less well known is Chaplin the composer whose instrumental theme for *Modern Times* 1936 later became the popular standard *Smile* a Billboard hit for Nat King Cole in 1954 Chaplin was prolific yet could not read or write music It took a rotating cast of talented musicians to translate his unorthodox humming off key singing and amateur piano and violin playing into the singular orchestral vision he heard in his head Drawing on numerous transcriptions from 60 years of original scores this comprehensive study reveals the untold story of Chaplin the composer and the string of famous and not so famous musicians he employed giving fresh insight into his films and shedding new light on the man behind the icon [History of the United States of America, Under the Constitution](#) James Schouler, 1894
