A Landscape With Dragons Christian And Pagan Imagination In Childrens Literature:

A Landscape with Dragons Michael David O'Brien,1994 *A Landscape with Dragons* Michael D. O'Brien,2011-05-24
The Harry Potter series of books and movies are wildly popular Many Christians see the books as largely if not entirely harmless Others regard them as dangerous and misleading In his book *A Landscape with Dragons* Harry Potter critic Michael O'Brien examines contemporary children s literature and finds it spiritually and morally wanting His analysis written before the rise of the popular Potter books and films anticipates many of the problems Harry Potter critics point to *A Landscape with Dragons* is a controversial yet thoughtful study of what millions of young people are reading and the possible impact such reading may have on them In this study of the pagan invasion of children s culture O'Brien the father of six describes his own coming to terms with the effect it has had on his family and on most families in Western society His analysis of the degeneration of books films and videos for the young is incisive and detailed Yet his approach is not simply critical for he suggests a number of remedies including several tools of discernment for parents and teachers in assessing the moral content and spiritual impact of this insidious revolution In doing so he points the way to rediscovery of time tested sources and to new developments in Christian culture If you have ever wondered why a certain children s book or film made you feel uneasy but you couldn't figure out why this book is just what you need This completely revised much expanded second edition also includes a very substantial recommended reading list of over 1 000 books for kindergarten through highschool

A Landscape with Dragons Michael David O'Brien,1994 *A Landscape With Dragons* describes the degeneration of Western culture its gradual replacement by pseudo culture and the resulting invasion of the Christian imagination which the author describes as an ominous even apocalyptic sign Michael O'Brien s analysis of several aspects of the problem is incisive and detailed His approach is not simply critical however for he suggests a number of remedies offering parents tools of discernment for assessing children s books videos and films In doing so he points the way to rediscovery of time tested sources and to new developments in authentic Christian culture *On the Edge of Infinity* Clemens Cavallin,2019-03-25
This book tells the story of Michael O'Brien one of the most popular Catholic novelists and painters of our times It covers his life from his childhood in the Canadian Arctic to the crucial decision in 1976 to devote himself wholly to Christian sacred arts followed by his inspiration to write fiction and his best selling apocalyptic novel *Father Elijah* The story then continues to the present with explorations of O'Brien s other works O'Brien s life is one of struggle against all odds to reestablish Christian culture in the materialist void created by the modern Western world It is a timely reminder of hope in trials and sufferings of endurance during marginalization and poverty This is the first biography of O'Brien and it also provides an introduction to his novels paintings and essays The author Clemens Cavallin was granted unrestricted access to Michael O'Brien s personal archive including his diary from the late 1970s until the present day By revealing sides of O'Brien s interior creative life including mystical experiences spiritual battles and illuminations he has painted a portrait of a contemporary visual and

literary artist whose inspiration arises from an intense fusion of imagination and active faith **The Catholic World Report**, 2001 *Canadian Books in Print*, 1997 **Encyclopedia of Contemporary Christian Fiction** Nancy M.
