Reed,1995-12 **New Testament Story** David L. Barr,1995 The thesis of this book is that every New Testament writing
stands within a story even if it does not tell stories The approach allows readers to view the documents as vital elements in
the lives of real persons The book maintains its focus on bringing the writings alive and shows how critical study enhances
understanding of their meanings Its prime goal is teaching students to read these writings for themselves bridging the
chasms of language history and culture that separate them from us The latest methods of research are utilized in this quest
but the focus always remains on the New Testament documents The Bible Atlas of Maps and Plans to Illustrate the
