A Little Girl Lost was Found Through Her Writing:

A Little Girl Lost...was Found Through Her Writing Valerie Lynn Harrell,2005-01-01 A Little Girl Lost Was Found Through Her Writing is a special compilation of heartfelt poetry written from deeply within the heart of the author who as a little girl often dreamed of becoming published Her writing has always come naturally flowing freely from within She continued writing as she grew into a woman writing through the pain and setbacks in her life With strong will and a steadfast hand she continues to write and dream The poems within have been written for those who at times may feel lost as I having felt lost myself have always found my way through writing Although our passions and experiences may differ these poems may give hope when you feel there is none I only hope these poems will be of comfort as well as inspiration to you in what may seem some of the toughest times within your life Writing About Animals in the Age of Revolution Jane

Spencer,2020-06-10 What did British people in the late eighteenth century think and feel about their relationship to nonhuman animals This book shows how an appreciation of human animal similarity and a literature of compassion for animals developed in the same years during which radical thinkers were first basing political demands on the concept of natural and universal human rights Some people began to conceptualise animal rights as an extension of the rights of man and woman But because oppressed people had to insist on their own separation from animals in order to claim the right to a full share in human privileges the relationship between human and animal rights was fraught and complex This book examines that relationship in chapters covering the abolition movement early feminism and the political reform movement Donkeys pigs apes and many other literary animals became central metaphors within political discourse fought over in the struggle for rights and freedoms while at the same time more and more writers became interested in exploring the experiences of animals themselves We learn how children s writers pioneered narrative techniques for representing animal subjectivity and how the anti cruelty campaign of the early 1800s drew on the legacy of 1790s radicalism Coleridge Wordsworth Clare Southey Blake Wollstonecraft Equiano Dorothy Kilner Thomas Spence Mary Hays Ignatius Sancho Anna Letitia Barbauld John Oswald John Lawrence and Thomas Erskine are just a few of the writers considered Along with other canonical and non canonical writers of many disciplines they placed nonhuman animals at the heart of British literature in the age of the French Revolution
