A Lotta Nonsense:

A Lotta Nonsense Edward W. Clautice,1993-01-01 Believe it Or Not Charles Caldwell Dobie,1930 *The Political Theory of I Love Lucy* Leslie Dale Feldman,2019-01-18 This book looks at how the classic television series fits into the cultural milieu of mid century America I Love Lucy incorporates key themes of the 1950s American political scene and classic American values of family social mobility community individualism and work keeping in mind that Luck as Machiavelli said is the arbiter of half of what we do As the beloved American TV queen Lucy Ricardo is a psychologically complicated character conflicted between her role as a 1950s housewife and her wish to be a star She is an icon of social mobility going from a small New York City apartment to a country house in a swanky suburb and an example of the transitional woman who wants to have it all Is she a feminist Is she a conformist Does she prefer the country to the city Whether she is working on the chocolate factory assembly line baking bread or achieving the American dream Lucy is always speeding it up **Leaving Breezy Street** Brenda Myers-Powell, April Reynolds,2021-06-29 Told in an inimitable voice Leaving Breezy Street is the stunning account of Brenda Myers Powell s brutal and beautiful life Careful don t think prostitution is just about money It s never just the money It s about slipping in at all the wrong places Getting into dangerous situations and getting out of them That s exciting That s what you want But you want something else too What did Brenda Myers Powell want When she turned to prostitution at the age of fifteen she wanted to support her two baby daughters and have a little money for herself She was pretty and funny as hell and although she called herself Breezy she was also tough a survivor in every sense of the word Over the next twenty five years she would move across the country finding new pimps parties drugs and endless profound heartache And she would begin to want something else something huge a life of dignity self acceptance and love Astonishingly she managed to find the strength to break from an unsparing world and save not only herself but also future Breezys We have no say into which worlds we are born But sometimes we can find a way out **A Strange Occupation** Georgiana Melrose,2026-02-03 After her education at Malvern Girls College and Chelsea College of Physical Education Georgiana Melrose embarked on a varied career starting as a gymnastic and games mistress Then on her marriage went to live in France where she and her husband Tony Melrose a writer and broadcaster inaugurated English programs from Radio Lyons During the war she worked as a personnel manager in a large aircraft factory When it was over she joined the Control Commission for Germany working in the branch controlling Hamburg Radio Here she wrote the scripts for the English language programs aimed at schools and colleges to throw light on the British and American way of life When controls were relinquished she remained in Hamburg at the request of the North German Radio to carry on the work and stayed for a further twelve years A Strange Occupation is Georgiana s personal account of life in the British Zone of occupied Germany after the Second World War set against the background of a country utterly devastated and undergoing the painful process of being reorganized by its conquerors Despite the confused and at times contradictory attitudes of the authorities much was

done by ordinary members of the Occupation Forces to help the German people back to normal civilized living This story does not dwell on the hardships but reveals the comic and often bizarre aspects of a unique period in our recent history A fascinating read for anyone interested in the post war rebuilding of Germany
