

## CASE STUDY TEMPLATE

### Demonstrating mentoring and befriending makes a real difference to people's lives

The national body for mentoring and befriending

### Why do we collect case studies?

To showcase the effect mentoring and befriending can have on people's lives. Be that the mentee or befriended's lives, the mentor or befriender's lives, or how the wider community as a whole benefits.

Not everyone, unfortunately, understands exactly what mentoring and befriending involve. But, having case studies to refer people to, helps to bring to life some of the roles mentors and befrienders play in people's lives. We hope that through people reading case studies it will prompt them to set up, fund or commission mentoring or befriending projects.

### What do we want from you?

We want you to fill in this case study template detailing the positive impact that your mentoring or befriending project is making. Please provide an overall picture of how your project operates, including information about one relationship – one mentee/mentor or one befriended/befriender – detailing how a person has changed as a result of it. The focus should be on the outcomes and achievements brought about through the mentoring or befriending relationship. Take a look at the 'example case study' document to guide you in filling this in. Please contact [joe.muvihill@mandbf.org](mailto:joe.muvihill@mandbf.org) for help in filling this in.

### Where will the case study be used?

The case study will appear on our website ([www.mandbf.org](http://www.mandbf.org)) and we may show it to interested parties; be they people looking to set up projects, funders and commissioners, or the media.
