Social Media and Genre Studies Thomas Kenny, 2023-04-11 This book investigates whether Facebook and Twitter have become a genre of media for higher education institutions Thomas Kenny has conducted a mixed methods study using a combination of content analysis and interviews with social media employees to explore the purpose form and functionality of these web pages Ultimately Kenny argues that while institutional web pages on Facebook and Twitter do constitute a genre each is a separate and distinct platform that works differently with varying goals structure and effectiveness associated with them Scholars of communication information studies media studies journalism and higher education will find this book of particular interest

Overtourism in Cities and Small Islands Lino Briguglio, Marie Avellino, Jim Butcher, 2026-02-23 This volume explores the issue of tourism and overtourism in cities and small islands finding the commonalities and differences between the two Although there are common overtourism elements in cities and in small islands there are also distinct factors In this collection of studies the authors and editors present a comprehensive examination of the challenges of overtourism with a focus on cities in Europe and small islands worldwide The chapters investigate how the success of tourism increasingly threatens the very qualities that attract visitors with the attendant disruption of daily life the displacement of local communities through gentrification and the commodification of cultural heritage The authors expose the political dimensions that often prioritize economic gains over sustainability and the difficulty of effectively controlling the inflow of tourism without hurting the livelihoods of people employed in the sector while exploring lesser known aspects of overtourism from the role museums might play in mitigation to the misrepresentations perpetuated by social media As well as the problems associated with mass tourism the volume s case studies also examine potential solutions Smart technology stakeholder co operation quality tourism approaches and community activism all offer pathways forward although each destination faces unique challenges requiring tailored responses At a time of intense protests against overtourism the volume asks whether overtourism will eventually correct itself when destinations lose their appeal or are we witnessing the permanent transformation of places A must read for policymakers tourism professionals researchers and students this book provides crucial insights into one of the pressing challenges of the globalized world

Social Media in Sport Marketing Timothy Newman, Jason Peck, Brendan Wilhide, 2017-01-08 From the Preface Not surprisingly companies of all sizes are using social media as part of their marketing and public relations efforts The growth of the social media phenomenon and constant advances in technology obviously create unique and powerful opportunities for those able to capitalize on them The question is how best to do so Social Media in Sport Marketing has been created to help answer this question as it pertains to sport organizations Written from the perspective of sport professionals this brief but thorough text explores the concepts tools and issues surrounding social media and marketing with reader friendly examples and applications specifically from the world of sports The authors connect industry specific content with current trends in social media and provide readers with a balance

between theory and experience Instructors and students can use the book as a primary resource for teaching and learning about traditional sport marketing public relations principles as they relate to social media Instructors will appreciate the inclusion of case studies which can be used to generate discussions students will benefit from the numerous examples The book can also serve as a guidebook for those who want to put ideas into action immediately The experienced author team includes a sport marketing professor as well as practitioners involved in social media project management and development
