[Tackling Precarious Work](#) Stuart C. Carr, Veronica Hopner, Darrin J. Hodgetts, Megan Young, 2023-10-05

Tackling precarious work has been described by the United Nations' International Labour Organization (ILO) as the main challenge facing the world of work. In this groundbreaking book, leading applied research scholars, advocates, and activists from across the globe respond to this challenge by showing how Industrial and Organizational (I/O) psychology has a significant contribution to make in humanity moving away from precarious work situations towards sustainable livelihoods.

Broken down into four key parts on Sustainable Livelihoods, Fair Incomes, Work Security, and Social Protection, the book covers a multitude of topics including the role of poor pay, lack of work-related security, social protection for human health and wellbeing, and interventions and policies to implement for the future of work. The volume offers a detailed look into useful and effective ways to tackle precarious work to create and maintain sustainable livelihoods.

This curated collection of 22 chapters considers the broader relationships between previous research work and issues of human security and sustainability that affect workers, families, communities, and societies. Each chapter expands the present understandings of the world of precarious work and how it fits within broader issues of economic, ecological, and social sustainability.

In addition to I/O psychologists in research, practice, service, and study, this book will also be useful for organizational researchers, labor unions, HR practitioners, fair trade, cooperative, and civil society organizations, social scientists, human security analysts, public health professionals, economists, and supporters of the UN SDGs, including at the UN.

Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non-Commercial No Derivatives (CC BY-NC-ND 4.0) license.

Upwork Essentials John Morris, 2020-08-14  
What does it REALLY take to be successful on Upwork  
The 20% that will create 80% of your results  
That's the point of Upwork Essentials to teach you that 20%  
When I first started on Upwork everybody told me I had to pay my dues build my job history with small projects get to Top Rated status and THEN I could start landing bigger projects and making real money  
Instead the first project I landed was for 2191 78 Not bad for a complete beginner I landed several more projects like that and hit over 10K in earnings in my first few months  
Years later I decided to teach what I knew about Upwork  
THIS book though is a distillation of what I did in those first few months to get started so quickly  
A method I've taught now to over 6 000 students many of whom who have seen a dramatic change in their results in just days  
Even more who've applied the principles long term and built sustainable freelance businesses for themselves using Upwork  
Of course the book is NOT for everyone  
If you're looking for whiz bang or bright and shiny this book isn't for you because it's really about fundamentals  
Understanding how Upwork's Search and Suggestion actually works building your profile to rank higher in that engine and bidding on jobs that fit the overall strategy instead of focusing solely on the money  
If you're new to Upwork or have been on the platform for awhile but have struggled this book is for you  
I'll teach you my Rank and Relevance Framework to start getting clients right away and build a sustainable Upwork business

**101 ways to become free lancer** manvir bhogal ,2025-10-14 101 ways to Become a Freelancer

Introduction Becoming a freelancer offers freedom flexibility and the chance to shape your own career on your terms No longer tied to a single employer or fixed work hours you have the power to choose projects that excite you set your own rates and build relationships with clients around the globe Yet launching a successful freelance career requires more than just talent it demands planning perseverance and professional polish In this guide you ll discover a step by step roadmap from identifying your strengths to landing clients managing projects and scaling your business sustainably

Identify Your Skills and Niche The first step toward freelancing is taking stock of your skills passions and experiences Write down everything you do well graphic design writing coding consulting or any other service Then look for a niche where demand outstrips supply Specializing in a particular industry or service such as medical copywriting Shopify development or UX research for fintech helps you stand out When you become known for a focused offering clients are more likely to find you trust your expertise and pay premium rates Clarifying a niche also makes marketing easier you speak directly to a defined audience and understand their pain points

Define Your Value Proposition and Target Market Once you choose your niche craft a clear value proposition Ask yourself Who benefits most from my service What problems am I uniquely equipped to solve How do I deliver faster or better results than competitors Your value proposition should be concise one or two sentences that convey the biggest benefit you provide Next identify your ideal client profile Are they small businesses startups agencies or busy executives Pinpoint their industry company size and typical budget With a defined target market your outreach messages portfolio examples and social media content will resonate more deeply and lead to higher conversion rates

Build Your Online Presence and Portfolio A professional online presence is essential for attracting clients Start with a simple website or portfolio platform showcasing your best work testimonials and core services Each portfolio item should include a brief case study the client s challenge your solution and measurable outcomes Use a clean layout and high quality visuals Complement your website with active profiles on platforms aligned with your niche LinkedIn for B2B consulting Behance for design GitHub for development or Upwork for general freelancing Regularly publish blog posts project updates or short tutorials to demonstrate expertise and improve search visibility Consistency signals credibility

Set Your Pricing and Service Packages Determining rates can feel daunting Research industry benchmarks and competitor pricing to find a healthy range You can charge hourly per project or on retainer For beginners hourly rates simplify billing but project based fees often appeal more

to clients and reward efficiency Create tiered packages basic standard and premium each with clear deliverables and price points For example offer a blog post at three word counts and price tiers or a branding package with logo only logo plus style guide and complete brand kit Well defined packages help clients choose quickly and reduce negotiation friction Find Your First Clients Landing initial clients often involves leveraging existing networks Reach out to former colleagues classmates or friends and let them know you re freelancing Offer a small discounted pilot project in exchange for feedback and testimonials Simultaneously explore online marketplaces like Upwork Freelancer or specialized job boards Craft personalized
