professional  
and personal  
memoirs  
of a British  
lawyer**

**BRIAN  
HUGHES**

# A Law Unto Myself

**Illinois. Constitutional Convention**

## **A Law Unto Myself:**

A LAW UNTO HIMSELF Edd King, 2025-10-12 Ian Collins was a portrait of isolation and his family invested significant effort in trying to help him. When faced with pressure to fulfil his responsibilities as a solicitor he resorted to criminal activity but his actions did not go unnoticed and soon those closest to him began plotting to counter his scheme to steal his clients' cash. His co-conspirators, lawyers and police officers quickly realized too late that they had underestimated the situation and overestimated their belief that they were untouchable. Their involvement led ultimately to their nemesis and what began as a well-orchestrated plan quickly spiralled out of control resulting in chaos and a messy conclusion.

**A Law Unto Herself** Rebecca Harding Davis, 2015-01-22 A scathing critique of the legal status of women and their property rights in nineteenth century America. Rebecca Harding Davis's 1878 novel *A Law Unto Herself* chronicles the experiences of Jane Swendon, a seemingly naive and conventional nineteenth century protagonist struggling to care for her elderly father with limited financial resources. In order to continue care, Jane seeks to secure her rightful inheritance despite the efforts of her cousin and later her husband, a greedy man who has tricked her father into securing her hand in marriage. Appealing to middle class literary tastes of the age, *A Law Unto Herself* elucidated for a broad general audience the need for legal reforms regarding divorce, mental illness, inheritance and reforms to the Married Women's Property Laws. Through three fascinating female characters, the novel also invites readers to consider evolving gender roles during a time of cultural change.

**A Law Unto Himself** Frances Rodin, 1990-02 *Begat* David Crystal, 2010-09-23 Let there be light. A fly in the ointment. New wine in old bottles. How are the mighty fallen. The salt of the earth. All these everyday phrases owe their popularity to the King James Bible. Indeed, it is said that this astonishing Bible has contributed more to the color and grace of the English language than almost any other literary source. In *Begat*, best-selling language expert David Crystal offers a stimulating tour of the verbal richness and incredible reach of the King James Bible. How can a work published in 1611 have had such a lasting influence on the language? To answer this question, Crystal offers fascinating discussions of phrases such as 'The skin of one's teeth' or 'Out of the mouth of babes', tracing how these memorable lines have found independent life in the work of poets, playwrights, novelists, politicians and journalists, and how more recently they have been taken up with enthusiasm by advertisers, Hollywood and hip hop. He shows, for instance, how 'Let there be light' has resurfaced as 'Let there be lite', the title of a diet cookbook, and 'Let there be flight' the title of an article about airport delays. Along the way, Crystal reminds us that the King James Bible owes much to earlier translations, notably those by Wycliffe in the fourteenth century and Tyndale in the sixteenth. But he also underscores crucial revisions made by King James's team of translators, contrasting the memorable 'Am I my brother's keeper' with Wycliffe's 'Am I the keeper of my brother'. Language lovers and students of the Bible will be equally enthralled by *Begat* and its engaging look at the intersection of religion and literature.

**Where'd He Get That?** Margo Ruark, 2010-06-04 With foreword by Rev. Dr. Jane Claypool. A monumental achievement. Every minister in the field will want to

have and use a copy right now The definitive cross reference between The Science of Mind by Ernest Holmes and the Holy Bible With over 750 references to Bible verses this reference is a must have for ministers translators and teachers

Completely revised and updated to include other source references Compliments existing material on the Allegorical Bible Rescuing the Bible from Fundamentalism and all entry level classes with the textbook *The Masonic Review* ,1891

Practical Reason in Law and Morality Neil MacCormick,2011-04-28 The concept of practical reason is central to contemporary thought on ethics and the philosophy of law acting well means acting for good reasons Explaining this requires several stages How do reasons relate to actions at all as incentives and in explanations What are values how do they relate to human nature and how do they enter practical reasoning How do the concepts of right and wrong fit in and in what way do they involve questions of mutual trust among human beings How does our moral freedom our freedom to form our own moral commitments relate to our responsibilities to each other How is this final question transposed into law and legal

commitments This book explores these questions vital to understanding the nature of law and morality It presents a clear account of practical reason valuable to students of moral philosophy and jurisprudence at undergraduate or postgraduate levels For more advanced scholars it also offers a reinterpretation of Kant s views on moral autonomy and Smith s on self command marrying Smith s moral sentiments to Kant s categorical imperative in a novel way The book concludes and underpins the author s Law State and Practical Reason series Taken together the books offer an overarching theory of the nature of law and legal reason the role of the State and the nature of moral reason and judgement **The Yale Law**
