Large Print Edition Andy Adams,2013-07-30 Just why my father moved at the close of the civil war from Georgia to Texas is to this good hour a mystery to me While we did not exactly belong to the poor whites we classed with them in poverty being renters but I am inclined to think my parents were intellectually superior to that common type of the South Both were foreign born my mother being Scotch and my father a north of Ireland man as I remember him now impulsive hasty in action and slow to confess a fault It was his impulsiveness that led him to volunteer and serve four years in the Confederate army trying years to my mother with a brood of seven children to feed garb and house The war brought me my initiation as a cowboy of which I have now after the long lapse of years the greater portion of which were spent with cattle a distinct recollection Sherman s army in its march to the sea passed through our county devastating that section for miles in its passing Foraging parties scoured the country on either side of its path My mother had warning in time and set her house in order Our work stock consisted of two yoke of oxen while our cattle numbered three cows and for saving them from the foragers credit must be given to my mother s generalship There was a wild canebrake in which the cattle fed several hundred acres in extent about a mile from our little farm and it was necessary to bell them in order to locate them when wanted But the cows were in the habit of coming up to be milked and a soldier can hear a bell as well as any one I was a lad of eight at the time and while my two older brothers worked our few fields I was sent into the canebrake to herd the cattle We had removed the bells from the oxen and cows but one ox was belled after darkness each evening to be unbelled again at daybreak I always carried the bell with me stuffed with grass in order to have it at hand when wanted During the first few days of the raid a number of mounted foraging parties passed our house but its poverty was all too apparent and nothing was molested Several of these parties were driving herds of cattle and work stock of every description while by day and by night gins and plantation houses were being given to the flames Our one roomed log cabin was spared due to the ingenious tale told by my mother as to the whereabouts of my father and yet she taught her children to fear God and tell the truth My vigil was trying to one of my years for the days seemed like weeks but the importance of hiding our cattle was thoroughly impressed upon my mind Food was secretly brought to me and under cover of darkness my mother and eldest brother would come and milk the cows when we would all return home together Then before daybreak we would be in the cane listening for the first tinkle to find the cattle and remove the bell And my day s work commenced anew **The Log of a Cowboy; a Narrative of the Old Trail Days,**

Compelling narrative by a real life cowboy traces the events of an 1882 cattle drive during which 3 000 longhorns traversed the Great Western Cattle Trail from Brownsville Texas to Montana The Log of a Cowboy Andy Adams,2020-03-12 On the morning of April 1 1882 our Circle Dot herd started on its long tramp to the Blackfoot Agency in Montana With six men on each side and the herd strung out for three quarters of a mile it could only be compared to some mythical serpent or Chinese dragon as it moved forward on its sinuous snail like course Two riders known as point men rode out and well back from the lead cattle and by riding forward and closing in as occasion required directed the course of the herd The main body of the herd trailed along behind the leaders like an army in loose marching order guarded by outriders known as swing men who rode well out from the advancing column warding off range cattle and seeing that none of the herd wandered away or dropped out There was no driving to do the cattle moved of their own free will as in ordinary travel Flood seldom gave orders but as a number of us had never worked on the trail before at breakfast on the morning of our start he gave in substance these general directions **Andy Adams** Andy Adams,2016-08-04 The Log of a Cowboy is an account of a five month drive of 3 000 cattle from Brownsville Texas to Montana in 1882 along the Great Western Cattle Trail Although the book is fiction it is firmly based on Adams s own experiences on the trail and it is considered by many to be the best account of cowboy life in literature Adams was disgusted by the unrealistic cowboy fiction being published in his day The Log of a Cowboy was his response It is still in print and even modern reviewers consider it a compelling classic The Chicago Herald said As a narrative of cowboy life Andy Adams book is clearly the real thing It carries its own certificate of authentic first hand experience on every page
