A Long Day In November:

A Long Day in November Ernest J. Gaines, 1971 A funny and affectionate story set on an eventful day on a sugarcane plantation in the 1940s rural South **A Long Day in November [by] Ernest J. Gaines. Drawings by Don Bolognese** Ernest J. Gaines, Don Bolognese (illus), 1971 **A Long Day in November** Ernest James Gaines, 1973 [Finding the Way to 'Long Day's Journey Into Night'](#) William Davies King, 2024-09-03 Eugene O'Neill wrote his most enduring and important plays after he won international acclaim as the first and only American playwright to receive the Nobel Prize in Literature in 1936. In the midst of the Great Depression with his health failing and spirits sunk he and his third wife former actress Carlotta Monterey moved to California to escape the materialism and commercialism of a declining West and they built a new home called Tao House. A reasonably good translation of tao is the way and in this house which was largely the creation of Carlotta he found the way to his most famous play Long Day's Journey Into Night. As an unusually explicit autobiographical drama this play returns to 1912 the outset of O'Neill's writing career when he confronted tragedy in his family story and found a way to dramatize his mother father brother and himself in a way that has resonated with audiences since its publication and production in 1956. But this book argues that the play originates as much in the moment of its creation 1939-1941 in the family relationships the historical circumstances and the fact that this work would represent a moment of closure of his great career. Key to this heroic story of creation is the intervention of his wife Carlotta whose diaries enable a day to day observation of how the play was written. She was the driving force behind the design of Tao House and she managed the rhythms and patterns of life within its architecture. It was her masterpiece just as Long Day's Journey was his. This book develops a close reading of their house and marriage and also uses many of O'Neill's previous plays to illuminate the breakthrough of Long Day's Journey. This book is the most granular and at the same time the most far reaching inquiry into how this quintessential play was written and almost not written and how it came into the world **The Girl Next Door Meets Cancer** Hayleigh Noel O'Brien, 2019-07-10 I hope that my experience can encourage other women to pay attention to their bodies and trust their instincts. These are the brave words of the late Hayleigh Noel O'Brien who shortly before her 31st birthday was diagnosed with a form of cancer that no woman hopes to meet: ovarian cancer. What followed was a courageous yearlong battle filled with doctors appointments tests and treatments. The prognosis was often changing bringing along with it the emotional highs and lows of a difficult present and an uncertain future. But with the help of her loved ones Hayleigh lived each day with immense optimism and gratitude. Always wanting to help people she chose to document her entire experience in the form of a blog so that it could bring solidarity and comfort to other people in her position. Many who read Hayleigh's blog called her their hero. The Girl Next Door Meets Cancer contains the entirety of Hayleigh's cancer blog published posthumously by her family at her request. This book is a source of invaluable insight and support for anyone who is on a cancer journey as well as for the families and others who provide care. Readers will come away thinking Yes this is

C. Philip Skardon, 2010-03-19 Even though it has faded in the minds of most the Cold War was the dominant happening in the second half of the 20th Century The underlying cause was the Soviet Unions expansionism which was driven by imperialist ambition overlaid with ideology Combating this radical and highly threatening form of political and territorial aggrandizement made extraordinary demands on the Western nations and especially the United States because of its strength and democratic tradition These forces vied in the Hungary Suez Crisis of 1956 as not before or after when 200 000 Soviet troops intervened in Hungary to put down the revolution and the attendant Uprising and acting contrary to Western interests Britain and France invaded the Canal Zone and the Israelis the Sinai raising the crisis to a point of extreme danger as the East West confrontation nearly burst its bounds Had the allies not been halted in Egypt by the Eisenhower Administrations use of the UN Charter and UN mechanisms for maintaining peace and the Russians not deterred from invading Western Europe by threat of U S nuclear retaliation it seemed possible that the world would experience a general war with nuclear weapons as a major component A Lesson for Our Times focuses on this possibility While it is about the steps taken by the United States to prevent the worst from occurring immediately it is also about what was done to prevent a similar crisis from occurring in the future To say that these actions were unique and effective is true but not enough They were also unprecedented in the history of the nation and surely the world as well as proof that the peace keeping system devised after World War II would function as intended if undergirded and augmented by U S prestige and wherewithal Here then was Hungary Suez in its totality More should be known about the crisis for these reasons alone This book seeks to meet that need while filling a large gap in the understanding of the Cold War It also recalls a time when Americas conduct as the worlds primary superpower was as clear and visionary as it was purposeful and constructive in a word when American diplomacy was at its zenith *The Johns Hopkins University Studies in Historical and Political Science* ,1910 *Annual Report* Western Australia.
