A Honeymoon in Space - Original Edition George Griffith,2020-11-25 The situation was one which was absolutely without parallel in all the history of courtship from the days of Mother Eve to those of Miss Lilla Zaidie Rennick The nearest approach to it would have been the old fashioned Tartar custom which made it lawful for a man to steal his best girl if he could get her first fling her across his horse s crupper and ride away with her to his tent But to the shocked senses of Mrs Van Stuyler the present adventure appeared a great deal more terrible than that Both Zaidie and herself had sprung to their feet as soon as the upward rush of the Astronef had slackened and they were released from their seats They looked down through the glass walls of what may be called the hurricane deck chamber of the Astronef and saw below them a snowy sea of clouds just crimsoned by the rising sun *A Voyage in Space* Herbert Hall Turner,1915 A Honeymoon in Space - Scholar's Choice Edition George Griffith,2015-02-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **A Honeymoon in Space** George Chetwynd Griffith,2021-01-17 Book Excerpt ith a notification that she was going to occupy Morocco as a compensation for Fashoda and added a few nasty things about Egypt and other places Of course we couldn t stand that either so there was another ultimatum and the upshot of it all was that I got a wire late last night from my brother telling me that war would almost certainly be declared to day and asking me for the use of this craft of mine as a sort of dispatch boat if she was ready She is intended for something very much better than fighting purposes so he couldn t ask me to use her as a war ship besides I am under a solemn obligation to her inventor her creator in fact for I ve only built her to blow her to pieces rather than allow her to be used as a fighting machine except of course in sheer personal self defence There is the telegram from my brother so you can see there s no mistake and just after it came a messenger

asking me if the machine was a success to bring this with me across the Atlantic as fast as I could
