How Love Poems Work Sandra Roe,2018-10-08 What is about love poetry that we so love Why is poetry such a popular medium for expressing love This short book will try to answer these questions by taking a look at some of the finest poetry in the English language The complex concentrated language of a poem has a lot in common with the complexity and intensity of love But poetry is never only about love Its meanings reach into other areas of our lives The popularity of love poetry suggests that readers crave literary encounters with love We want to have our feelings and experiences reflected back at us in words Reading poems we anticipate a glimmer of recognition This book starts with a look at love poetry s modern historical development Then we spend time with individual poets beginning with William Shakespeare in the sixteenth century Their verse will demonstrate different ways in which poets have written about love

For the Love of Poetry Arnaov Diwan,2021-01-11 When was the last time a poem impressed you High school Not even then I suppose Well this is because of how poetry is put across to our minds The story might be so beautiful but the way it is being conveyed not quite so To me a poem is a piece of art and like every good piece of art it should be appreciated not only by the artist but by everyone who surrounds the artist as well This book contains 15 poems that can be read over a nice hot cup of coffee They talk about the simplest of things in the most elegant and poetic way possible These poems are open to interpretation and I have mainly just explained my motive behind them and not the summary exactly I assure you you will find them relatable and some of them quite personal Enjoy

Non-Elegiac Latin Love Poetry of Late Antiquity Vasileios Pappas, 2025-05-19 For about five hundred years between Ovid's death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the *Pervigilium Veneris* Ausonius *Bissula* *Reposianus De concubitu Martis et Veneris* and the *Aegritudo Perdicae* The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era
