A MAGICIAN AMONG THE SPIRITS

HOUDINI

QThe subject of Spiritualism is here approached from a unique viewpoint, that of a master magician. Although Houdini dissects with an especially keen scalpel, he does not wield it as one determined to destroy, but rather as a seeker after truth, eager, and with the will to believe whenever belief is warranted by what to him is convincing evidence.

QIn this interesting work he gives the reader the impartial results of many years of careful study and patient investigation of spiritualistic phenomena in all its various ramifications. Beginning with the Fox sisters, he discusses in detail the work of all the noted mediums from 1848 to Sir Conan Doyle today, and carefully analyzes a large number of cases of slate writing, spirit photography, ectoplasm, materialization, and all the regular manifestations of the seances. He is forced to several striking conclusions.

QAlthough he has the utmost respect for the honest belief of any person, he is the relentless enemy of deliberate fraud, and the account of his adventures in the investigation and detection of it forms a valuable chapter in the crusade for truth.
