## **All Gods Creatures Go To Heaven:**

**All God's Creatures** Anthony Gardner,2026-05-19 Hilarious joyous and astute Nicholas Coleridge Mild mannered editor Ben Fairweather is horrified when his genteel religious magazine is taken over by a fanatical movement which holds that animals are closer than humans to God and should receive Holy Communion Amid a national religious revival this belief becomes mainstream and Ben is cancelled as a petphobic bigot He finds a new job as a pianist in a nightclub There he meets Anita Scott a journalist bent on exposing the Russian oligarch Oleg Ogorodnikov newly elevated to the House of Lords whom she accuses of cultural vandalism The scheming Ogorodnikov is actually involved in something far more sinister a plot to take over London s financial system Little realising that his fingerprints are all over the theological unrest too Ben and Anita are drawn into a world of spies art forgery AI and murder with their own lives on the line Anthony Gardner s ingenious caper combines madcap excitement with a deftly satirical portrayal of the crazy beliefs chaos spreading Russians and rise of the robots which seem to define our age

**All God's Creatures** Jo-Ann I. Crawley,2013-11-04 Faith Church is experiencing a gentle invasion of untamed animals that leads to some unexpected twists and turns in the lives of unsuspecting people The story is a celebration of what God does through all His creatures [All God's Creatures Go to Heaven](#) Amy Nolfo-Wheeler,N. A. Noël,1996 A child angel discovers that the special purpose of children in Heaven is to care for pets until they are reunited with their human companions

*All God's Animals* Christopher Steck,2019-10-01 The book is the first of its kind to draw together in conversation the views of the early Church contemporary biblical and theological scholarship and post conciliar teachings Steck develops a comprehensive Catholic theology of animals based on an in depth exploration of Catholicism s fundamental doctrines trinitarian theology Christology pneumatology eschatology and soteriology All God s Animals makes two central claims First we can hope that God will include animals of the present age in the kingdom inaugurated by Christ Second because of this inclusion our responses to animals should be guided by the values of the kingdom As Christians await the final liberation of all creation they are to be witnesses to God s kingdom by embodying its ideals in their relations with animal life Because the kingdom s fullness is yet to come and because our world remains marked by the wounds of sin however Christian treatment of animals will at times require acts that are at odds with the kingdom s ideals for example those causing suffering and death Steck examines each of these ideas and explores all of their complexities

Horan,2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as All God s Creatures argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation
