All I Asking For Is My Body:

All I Asking for Is My Body Milton Murayama, 1988-05-31 From the Afterword by Franklin S Odo The most important feature of Milton Murayama's brilliant *All I Asking for Is My Body* is the quality of the storytelling It deserves thorough discussion and criticism among literary professionals and students The work has a further genius however in its evocation of several major topics in modern Hawaiian history specifically during the 1930s the decade before United States involvement in World War II I suggest that Murayama's novel provides us with valuable insights into the worlds of language sugar plantation history and the second generation Japanese Americans the nisei Critic Rob Wilson noted Part of the accomplishment of the novel is that the language ranges from the vernacular to the literate and standard and so reflects the cultural and linguistic diversity of Hawaii In the novel Murayama uses standard English and pidgin In real life the narrator Kiyoo explains we spoke four languages good English in school pidgin English among ourselves good or pidgin Japanese to our parents and the other old folks The wonder is that Murayama emerged using any one of the languages well For most that experience proved to be an insuperable barrier to good creative writing *All I Asking for Is My Body* is the most compelling work done on the Hawaii nisei experience Murayama understood his theme to be the Japanese family system vs individualism the plantation system vs individualism And so the environments of the family and the plantation are inseparable from the theme Fortunately for us as readers however he understood that the story was the key ingredient that anything less would simply add to the sociological study of the plantation and the Japanese family in Hawaii
