

COURAGE

Courage is the ability to face and overcome fear while prioritizing a greater objective, guided by personal values and a commitment to growth and the greater good.

DEFINITION

Courage is not the absence of fear but rather the determination to act despite its presence, guided by a strong sense of purpose and a commitment to achieving a higher good. As Redmoon (1991) explains: "Courage is not the absence of fear, but rather the assessment that something else is more important than fear."

EXAMPLES

- **Soldiers:** A soldier charging into battle despite overwhelming odds demonstrates immense courage (Physical, emotional, and moral courage.)
- **Whistleblowers:** A whistleblower who exposes corruption in their workplace or government demonstrates courage (moral courage.)
