

A person in a dark hoodie is shown from behind, holding a large, bloody knife. The scene is set in a snowy, dark environment with a large, full moon in the background. In the foreground, a cabin with warm lights is visible. The overall mood is dark and ominous.

American Killing:

Imagining the American Death Penalty Birte Christ, 2025-04-29 Imagining the American Death Penalty traces the US American cultural imaginary of capital punishment through popular visual representations from the 1890s to the twenty first century The book focuses on three generic and historical clusters of representations early film from the 1890s through Intolerance 1916 crime film noir of the 1950s and 1960s and legal TV series from the 1990s through the early 2000s The book makes two central arguments First it demonstrates that an increased concern with the death penalty in popular media does not mean that these texts promote an abolitionist agenda their cultural work is ambiguous at best This ambiguity is always contingent upon both the affordances of the particular genre and medium in question and on political legal discursive context The book explores both in detail Early film is enchanted with its own representational possibilities due to the progress of technology and in analogy with the progress in execution technique specifically the electric chair In film noir genre conventions and the legal back and forth before and after Furman predicate ambiguity In legal TV series the genre s ensemble casts and its focus on conversational exchange invite open debate The second argument is that popular visual representations consistently whitewash the death penalty The book demonstrates that this is the case because the most common narrative around executions in film and TV is to cast the condemned man as a hero who defies the violence of the state gains dignity by accepting his fate and faults and in some ways triumphs over death The American imaginary until very recently did or could not imagine Black men to possess that measure of agency that it attributed to its white heroes

The American Rifle Townsend Whelen, 1918 *The American*, 1897 [Terrorism in America](#) Robin Maria Valeri, Kevin Borgeson, 2018-05-11 Offering a fresh perspective on the changing face of terror attacks Terrorism in America focuses on domestic groups examining the beliefs actions and impacts of American based terrorists and terror organizations Editors Robin Valeri and Kevin Borgeson and their contributors draw on theories from criminology psychology and sociology to explore the ideologies of right wing left wing and extremist religious groups how and why they convert followers recruit financially and take extreme action against others No competing text offers such in depth and nuanced coverage of the radical ideologies behind these attacks or the ensuing fear domestic terrorism creates as well as the strategies to combat violent extremism A core text for domestic terrorism courses and an excellent supplement for any counterterrorism or homeland security course Terrorism in America brings its singular focus to the growth and evolution of terrorism in the United States Interviews case studies from the field and chapter themes make this a highly readable text for criminal justice psychology sociology and homeland security students professors or practitioners

The American and English Railroad Cases Lawrence Lewis (Jr.), Adelbert Hamilton, John Houston Merrill, William Mark McKinney, James Manford Kerr, John Crawford Thomson, 1890 *The Man Who Killed Martin Luther King* Mel Ayton, 2023-04-06 Doubts about James Earl Ray Dr Martin Luther King s lone assassin arose almost immediately after the civil rights leader was fatally shot on the balcony of

the Lorraine Motel in Memphis on 4 April 1968 From the start his aides voiced suspicions that a conspiracy was responsible for their leader's death Over time many Americans became convinced the government investigations covered up the truth about the alleged assassin Exactly what led Ray to kill King continues to be a source of debate as does his role in the murder However Mel Ayton believe the answers to the many intriguing questions about Ray and how conspiracy ideas flourished can now be fully understood Missing from the wild speculations over the past fifty two years has been a thorough investigation of the character of King's assassin Additionally the author examines exactly how the conspiracy notions came about and the falsehoods that led to their promulgation *The Man Who Killed Martin Luther King* is the first full account of the life of James Earl Ray based on scores of interviews provided to government and non government investigators and from the FBI's and Scotland Yard's files plus the recently released Tennessee Department of Corrections prison record on Ray Most importantly the testimony of Anna Sandhu has often been ignored by writers but her story is crucial in gaining an understanding of Ray's deceptive ways A courtroom artist who after listening to Ray's story later married him Also missing from accounts of the alleged conspiracy is the story told to this author by Brushy Mountain State Penitentiary Deputy Warden Rolland H Cisson which decisively renders Ray's claims of innocence to be bogus In the short lived freedom he acquired after escaping from the Missouri State Penitentiary in 1967 following being sentenced to twenty years in prison for repeated offenses he traveled to Los Angeles and decided to seek notoriety as the one who would stalk and kill Dr King who he had come to hate vehemently From the time of King's murder the reader will follow Ray to solitary confinement in a Nashville prison Then six years later on 10 June 1977 James Earl Ray again escaped from prison this time with five others Ray was the last to be recaptured having survived only on wheatgerm Finally the book relays Ray's stabbing by several black inmates then his resulting diagnosis with Hepatitis C which caused his death twelve years later in 1998
