Dos Passos Usa A Critical Study:

Dos Passos' U.S.A. Donald Pizer, 1988 **Pop Modernism** Juan A. Suárez, 2007-04-09 Drawing on a wide range of materials including experimental movies pop songs photographs and well known poems and paintings Pop Modernism shows that experimental art in the early twentieth century was centrally concerned with the reinvention of everyday life In a series of clearly written provocative and groundbreaking essays Juan A Suarez demonstrates how modernist writers and artists reworked pop images and sounds old fashioned and factory made objects city spaces and the languages and styles of queers and ethnic others Pop Modernism examines the popular roots of modernism in the United States Along the way Suarez reinterprets many of modernism s major figures and argues for the centrality of relatively marginal ones such as Vachel Lindsay Charles Henri Ford Helen Levitt and James Agee Chapter discussions include Paul Strand and Charles Sheeler s film *Manhatta 1921* exploring its debt to modernist film criticism and discourses on the popular the work of surrealist Joseph Cornell as an exploration of object automatism the latencies and histories buried in objects and mass cultural artifacts and how the interest in the culture industry was gradually replaced from the late 1930s onward with a fascination with folk and amateur art Pop Modernism reconnects the modernist reinvention of everyday life and contemporary artistic practice What is at stake is not just an antiquarian impulse to rescue forgotten past moments and works but a desire to establish an archeology of our present art culture and activism [A Comparative Analysis of the Great American and Arab Novel](#) Alen Ontl, 2018-07-26 This book represents the first comparative reading of the Great Novel of American and Arabic literature to date The Great American Novel that most elusive and frustrating of concepts ever present in film and literary scholarship has been an object of pursuit inspiration and contention for more than a century By reviewing the most serious literary scholarship in the field this book identifies the work often recognized by critics as the quintessential American novel the work that best captures the different aspects of American society and compares and contrasts it with its counterpart in Arabic culture Intended for both academics and serious readers of literature the book serves to establish a new trend in cross cultural literary scholarship in addition to opening up new vistas for literary exploration in this politically charged field
