can take an intermediate or advanced level skills test Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources as digital content an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources

**A Dual Language Book Project 2Language Books**      **Rewriting/Reprising** Georges Letissier,2009-10-02 This volume comprises sixteen essays preceded by an introductory chapter focusing on the diverse modalities of textual and more widely artistic transfer Whereas the first Rewriting Reprising volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one s literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein s creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation
