

# Chapter 1: Survival

Welcome to the Survival Guide. My name is Dr. Vali and I will be your tour guide for a while. (Please put your trays up in the locked position and keep your hands inside the tram at all times.)

Survival is often a messy business. People who have survived life traumas and tribulations will attest to the fact that it is very difficult to survive. And those who can look graceful at the same time are rare. However, once a person has determined that they have indeed survived, there is a tendency to be very grateful. And that is the essence of grace.
