James George Frazer

Dragon Magic:

Dragon Mage Andre Norton, Jean Rabe, 2009-03-31 Shy realizes that she is lucky to be taken in by her grandparents after her father dies but life above an antique store in Slade's Corners Wisconsin is not exactly the place a teenage girl wants to be One day while going through boxes of her father's boyhood stuff she comes upon a rare old set of dragon puzzles all of which are missing pieces Her grandmother recalls the fantastic tales Shy's father would tell about his travels to lands of dragons and adventure She always thought that these fantasies were inspired by the puzzles Shy has found Shy realizes that by mixing and matching the different sets she can complete a single dragon puzzle that combines all of the others Upon doing so she is whisked away to ancient Babylon where she must continue the duties of her father's legacy as a servant to the dragon and a savior of the world

Dragon Magic Andre Norton, 2007-04-01 A Hidden Treasure Sig Artie Kim and Ras live in the same neighborhood and go to the same school but they have nothing in common until each of them sneaks into the old abandoned house on the corner and discovers the strange puzzle box covered with pictures of four dragons Drawn by powerful magic the boys find themselves bound together by a mystery that will transform them all and transport them into worlds that are populated by heroes and dragons of lore

Dragon Magic Alejandro Melchor, Larry Elmore, Patricio Soler, 2003-03-03 Arcane magic has its very roots vested in the power of dragons and their kin By studying the ancient lore of Dragon Magic a mage can unlock the secrets only known to these powerful reptiles allowing him to stand as an equal among wyrms and as lord over other men From the few True Words and draconic songs to the harvesting of dragon body parts and the procedure of becoming a Dragon Friend this addition to the Encyclopaedia Arcane is perhaps one of the most powerful but its discipline and traditions are not easily discovered nor mastered by the weak of will for few dragons will tolerate their secrets to be revealed to the younger races

Dragon Magic Alexander King, 2015-10-06 Warning The spells contained in this book are of the highest order of power They are based on developments by an ancient order so secret it cannot be named Unlike most New Age magical traditions these spells are not rituals designed to reinforce believe in them Rather they are rooted in a much more ancient knowledge of an occult force that cannot fail No faith is required You do not even have to believe in them Simply perform them without any active resistance or fear and they cannot fail These spells activate a force more powerful than your thoughts about it In fact the most proper procedure is simply to follow the instructions then forget about the results entirely The single exception is for spells involving direct interaction with dragons Obviously one cannot experience any perception the mind refuses to accept Clearly this would be in contradiction to natural law It is forbidden by pain of death to reveal the source of the power that quickens the magic of the dragon Nevertheless any astute student of the occult or initiate of an authentic tradition will easily discern the supreme force operating at the heart of this mystery This is not at all necessary for the effective performance of these spells Such wisdom however does fill the sacred heart with joy
