Dread And Pentecostal:

Dread and Pentecostal Robert Beckford, 2011-07-01 In this authoritative and passionately argued book Robert Beckford explores the future of Black British Pentecostalism in a society where the notion of White supremacy even in faith is all too evident Drawing on Black womanist and post colonial theologies of liberation he urges the Black Church to regain its traditional prophetic role as part of its ministry He suggests that the Caribbean s first liberation theology Rastafari has much to offer all Christians concerned with speaking prophetically into social and political life in Britain Reflecting on aspects of Rastafari Black Pentecostalism and the meaning of Jesus in the world today he develops a new model for a Black political faith a Dread Pentecostal theology

Dread and Pentecostal Robert Beckford, 2000 A systematic attempt to construct a Black British theology of liberation as opposed to Black Christian theology which in the author s assessment simply reacts to and draws inspiration from European and American theologies Black Christian theology is primarily concerned with church life worship and witness whereas Black liberation theology seeks empowerment through social and political change The author uses arguments from ancient and contemporary history and from previous studies of the Black church and looks for sources for a new liberation approach

Evangelical Theologies of Liberation and Justice Mae Cannon, Mae Elise Cannon, Andrea Smith, 2019-09-10 Despite the current evangelical focus on justice work evangelical theologians have not adequately developed a theological foundation for this activism In this insightful resource evangelical academics activists and pastors come together to survey the history and outlines of liberation theology opening a conversation for developing a specifically evangelical view of liberation that speaks to the critical justice issues of our time

The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author s previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian

theological interpretation of Scripture suitable for the twenty first century global context Faith in Church Newspapers
David Isiorho,2024-12-12 This book offers a practical theology that looks at the way people of global majority heritage are portrayed in the religious press of the Church of England and have been racialized as other than White The frame analysis shows that only a minority of news items in The Church Times and The Church of England Newspaper were concerned with race related issues or contained identifiable Black actors Faith in Church Newspapers looks at how these news items can exclude and marginalize people of global majority heritage by restricting their coverage to specific and limited contexts This book is concerned both with the findings from the analysis of these papers and with the wider implications for Christian mission in the Church of England The case studies are idiographic and qualitative and take us behind the data of news gathering Faith in Church Newspapers is accessible scholarship intended for both an academic and a lay audience This is an original book and one of crucial importance not just to Black theology but also to urban and contextual theology It will aid theological students undertaking pastoral education and also students of journalism history and social change *Home Away from Home* Delroy A. Reid-Salmon,2008 Home Away from Home explores how Caribbean diasporan people understand themselves in light of their faith in Jesus Christ Taking the Caribbean diasporan experience as a source for theological discourse the book argues that the faith Caribbean people brought with them into the diaspora plays a central role in their development The study identifies three forms of Caribbean diasporan identity provides a theological interpretation of the diasporan experience delineates the foundational theological principles traces the patterns of and proposes the distinctives of the Caribbean diasporan church The Liturgical Year: Time after Pentecost (v. 11, 3rd ed.)
