Walking in a New Light Tessa Wright,2013-02-20 Freedom is a choice And its our right Many of us live in free and democratic nations yet hold ourselves captive within the limited perception created by our beliefs Freedom is a divine gift from our creator but it is one that many are unable to embrace because of the limitations weve placed on the human experience Walking in a New Light details a spiritual journey toward a less restricted life Wisdom and insights revealed in the course of a genuine search provide the key to releasing mysteries previously hidden Th rough changes in perception come the much needed changes in reality This story which allows the reader to enter the unique and troubling circumstances of another through the mindful art of journaling provides lessons and opportunities to promote growth and understanding Here is proof that a willing heart that seeks healing and change for self first has the potential to heal many and can therefore create the change we all wish to see We all experience life as a journey but when we become aware of our own potential power and purpose we have an opportunity to create the circumstances that make for a kinder and more beautiful existence Walking as one we become one This union unlocks the door that holds us captive and reveals the true meaning of freedom and peace
