

Dragons OVER ENGLAND

Welcome to England

Father Ryan, bleeding from a cut on his forehead, was running toward them, but Tourret dropped the priest with a single blow across the throat.

Suddenly, he was engulfed in flames. Hovering over him, a dragon spewed out a fiery breath that fused wires with muscle and bone, sending hissing steam spiraling into the night. With a high-pitched, keening wail of pain, Bratton stumbled out of the churchyard to disappear into the village below.

The dragon hovered, recharging its flame. Atop its head, clinging to one large ear, Shamus Leaflyer searched for Tourret.

With a sudden roar, the dragon twisted violently, its right eye gone. Below, Tourret stood pointing at the flying reptile, pseudoskin removed from one finger to reveal the laser concealed within.

The dragon spat fire as it roared in pain, setting the roof of the church aflame. Its tail whipped about, connected with a corner of the centuries-old structure, sending large stones and sections of crossbeams flying. One small piece knocked Letty to the ground. A minute later, the burning roof collapsed. Screams of parishioners still trapped inside echoed in the night.

Torg: The Possibility Wars

created by Greg Gorden and Bill Slavicek

The Near Now ... Later today, early tomorrow, sometime next week, the world began to end.

They came from other realities, raiders joined together to steal the awesome energy of Earth's possibilities. They have brought with them their own realities, creating areas where rules of nature are radically different — turning huge portions of the Earth into *somewhere else*.

Now a primitive realm of dinosaurs and spiritual magic exists in North America, a fantasy realm of magical creatures and high sorcery invades the British Isles, and a theocratic Cyberpapacy springs up in Western Europe. A high-tech espionage realm takes control in Japan, a terror-filled reality of horrific monsters dominates Southeast Asia, and a realm of Techno-Horror descends on Los Angeles. Egypt, along with much of Northern Africa, is a realm of 1930s pulp science fiction.

But Earth is not helpless. Standing between these Possibility Raiders™ and total victory are the Storm Knights™, men and women who have weathered the raging storms of change with their own realities intact.
