Beyond Adjustment Mr. Paul Streeten, 1988-09-15 This book edited by Paul Streeten examines the ends and means of adjustment aspects of trade policy and lessons from the experience of South and East Asia as well as comparing the debt situations of Asian and Latin American countries *Beyond Adjustment* IMF, Washington, D.C., 1996 [Beyond Adjustment](#)

Indian Council for Research on International Economic Relations, International Monetary Fund, 1990 **The International Monetary Fund**, 1992 **The Newly Industrializing Economies of East Asia** Anis Chowdhury, Iyanatul Islam, 2005-08-09 The phenomenal success of the East Asian Newly Industrializing Economies NIEs of Korea Taiwan Hong Kong and Singapore is now well known and documented Their success has been discussed to such an extent that it has become entrenched as part of the folklore of development economics The Newly Industrializing Economies of East Asia takes a fresh look at the relevant literature and sifts the rhetoric from the reality In the course of surveying the vast range of writing two competing paradigms become clear the neo classical approach which interprets the East Asian economic miracle as the predictable outcome of good policies and the statist perspective which draws attention to the central role of the government in guiding East Asian economic development Throughout the book the authors mix country specific experiences with broader trends **The Newly Industrialising Economies of East Asia** Anis Chowdhury, Iyanatul Islam, 1993 In surveying the vast range of writing on the East Asian NIEs and their development paths this book evaluates the competing roles of neo classical approaches and central government intervention in guiding economic development **Africa Beyond Adjustment** Nguyuru Haruna Ibrahim Lipumba, 1994 **East Asia 2000 and Beyond** Wolfgang Pape, 2012-12-06 This wide ranging survey uses the latest methodological apparatus including sophisticated computer modelling techniques to identify the key political social and economic trends which are likely to shape the East Asian region at the millennium and beyond *The Journal of Asian Studies*, 1989 *The Asian Pacific* Vera Simone, 2001 The Asian Pacific Second Edition provides a thought provoking introduction to both the internal and international politics of the fifteen mainland and island countries of East and Southeast Asia including Japan North and South Korea China and Vietnam Beginning with an examination of the colonial experience and its impact on the growth of nationalism and the formation of modern political and economic institutions the book utilizes cross national comparisons to illuminate the transformation of traditional cultures and their adaptation of Western ideologies For those interested in the political economic and cultural development of Asian Pacific countries [Comparative Development Experiences of Sub-Saharan Africa and East Asia](#) Ernest Aryeetey, 2017-11-01 Title first published in 2003 This comprehensive book focuses on the prevailing conditions in Asia and Africa under various macroeconomic and sectoral themes in order to provide in depth explanations for the divergent development experiences of the two regions Seeking to go further than the simple comparison of policies the book carefully examines the institutional context for policy implementation within which growth and development have proceeded in the

regions Accounting Services, Growth, and Change in the Pacific Basin David L. McKee, Don E. Garner, 1996-01-09 This book acknowledges the role played by producer services in general and speaks of those offered by the major accounting firms in particular upon the growth prospects for various Pacific Basin nations The jurisdictions considered are divided into three subgroups the first group comprises the four newly industrialized nations that have become known as the Asian Tigers Hong Kong Singapore Taiwan and South Korea the second group is composed of emerging nations Indonesia Malaysia the Philippines and Thailand the final group is made up of a selection of small island states **Prospects for Recovery and Sustainable Development in Africa** Aguibou Y.
