L. Farmer, 1997 Contemporary biblical scholarship has reached an impasse The various programs for bridging the gap between the ancient texts and their contemporary theological and ethical appropriation are often unsatisfactory at best and at worst even suspect in their results We need an effective way to cross the bridge or a new bridge Ronald Farmer suggests that a process hermeneutic holds promise of moving biblical interpretation beyond the current impasse This is the first comprehensive introduction to a process hermeneutic It is not however merely theoretical discussion but moves from the side of biblical scholarship to develop a solid methodology for bridging the gap between text and life Farmer applies his process hermeneutic to a difficult text Revelation 4 5 and demonstrates this promising method in a piece of solid responsible and instructive interpretation

Beyond Dogma Reese LeBlanc, 2024-05-02 When it comes to defining personal religion it is important to understand that it is a unique and individualized approach to spirituality Unlike organized religions that have set beliefs and practices personal religion allows individuals to create their own beliefs rituals and practices that resonate with them on a personal level It is a way for seekers to explore their own spirituality and connect with something greater than themselves in a way that feels authentic and meaningful

Beyond The Bridge Tobias Hochscherf, Heidi Philipsen, 2017-02-28 Drawing worldwide acclaim from critics and audiences alike programmes like *The Killing* *Borgen* *The Bridge* and *The Legacy* demonstrate widespread fascination with Danish style aesthetics and culture as seen through television narratives This book uses familiar alongside lesser known case studies of drama series to demonstrate how the particular features of Danish production from work cultures to storytelling techniques and trans national cooperation have enhanced contemporary Danish drama s appeal both at home and abroad The era of globalisation has blurred national and international television cultures and promoted regular cross fertilisation between film and television industries Important questions have emerged from this context surrounding for example the Americanisation of foreign television formats the meaning and practice behind the term quality television and the purpose and efficacy of public service broadcasting *Beyond the Bridge* tackles these issues in relation to Danish television by examining the so called scaffolded production processes behind the making of quality serials and their thought provoking content Drawing on popular motifs from these celebrated dramas such as foreign politics organised crime global warming and the impact of multinational corporations this timely book provides crucial insight into the Danish dramas at the forefront of sophisticated forward thinking fictional television

Christology Beyond Dogma Russell Pregeant, 1978 Pregeant offers a model for biblical interpretation based upon A N Whitehead s understanding of the nature of language In focusing upon Christological issues he attempts to move beyond descriptive exegesis demythologizing and the new hermeneutic The author s approach is primarily through analyses of universalistic passages in the Gospel of Matthew which

justify a metaphysical critique of the exclusivistic claims of the evangelist The result is a Christological interpretation
Publisher **Dogma's Primrose Path** John L. Martinez,2015-02-03 Dogma's Primrose Path addresses how the perpetual presence of ignorance poverty and war throughout the world is accepted by most people as an inevitable consequence of human life given man's incurably evil greedy and violent nature John L Martinez argues that this almost universal acceptance is itself a dogmatically learned and programmed condition This book suggests that human beings need to discard their dogmatic straightjackets and begin to thrive upon reason logic perception and experience in order to live together fruitfully and peaceably *The Emergence of Dialectical Theory* Scott Warren,2008-09-15 Scott Warren's ambitious and enduring work sets out to resolve the ongoing identity crisis of contemporary political inquiry In the Emergence of Dialectical Theory Warren begins with a careful analysis of the philosophical foundations of dialectical theory in the thought of Kant Hegel and Marx He then examines how the dialectic functions in the major twentieth century philosophical movements of existentialism phenomenology neomarxism and critical theory Numerous major and minor philosophers are discussed but the emphasis falls on two of the greatest dialectical thinkers of the previous century Maurice Merleau Ponty and J rgen Habermas Warren's shrewd critique is indispensable to those interested in the history of social and political thought and the philosophical foundations of political theory His work offers an alternative for those who find postmodernism to be at a philosophical impasse *The Idiots* John Rockwell,2019-07-25 A Dogme film The Idiots is quintessential Lars von Trier and perhaps his most powerful work John Rockwell shows how it relates to the other two films in the Good Woman trilogy as well as von Trier's Danish television work and his direction of Wagner's Ring cycle at the Bayreuth Festival **A History of Creeds and Confessions of Faith in Christendom and Beyond** William Alexander Curtis,1911 **Beyond the Road to Rome** Georgina Pell Curtis,1914
