Beyond New Testament Theology A Story And A Programme:

Beyond New Testament Theology Heikki Räisänen, 2000 This fascinating and comprehensive book first published in 1990 is as the original subtitle put it a story and a programme The story is that of the many attempts over the last two hundred years to write a theology of the New Testament from the pioneering J P Gabler to the present day Writing in Theology Robert Morgan describes it as surely the best available survey in any language and particularly useful for those less familiar with the German tradition However the book contains more than a survey the programme maps out the way that New Testament theology should proceed in the future The programme relates not only to subject matter but also to audience since in a secular society those who read the New Testament range far outside the confessions and churches As might be expected the reception for this radical thesis has been a mixed one but the importance of Professor Räisänen's work has been strongly emphasized not least by Professor Gerd Theissen in his *A Theory of Primitive Christian Religion* This new edition contains a survey of the debate over the last decade and also elaborates further on the programme for the future in the light of recent developments Heikki Räisänen is Professor of New Testament Exegesis at the University of Helsinki

Beyond New Testament Theology Heikki Räisänen, 2012

New Testament Theology and the Greek Language Stanley E. Porter, 2022-10-20 Offers a unique language based critique of New Testament theology and reconceptualizes it using categories of modern linguistics *Christology, Hermeneutics, and Hebrews* Jon C. Laansma, Daniel J. Treier, 2012-03-01 This book discusses the history of the interpretation of the Letter to the Hebrews across the last two millennia Beginning with the Patristic period essays go on to examine the responses of Thomas Aquinas Martin Luther John Calvin as well as more recent figures such as Karl Barth and contemporary global interpreters The premise behind the work is to move study of Hebrews away from the perennial arguments about its authorship and provenance and to instead engage with it from a theological perspective focusing upon the text's reception history Consequently the issue of the Christological message in Hebrews is at the forefront and is considered both in terms of the interpreter's context and historical setting At the end of the book the investigations are summarised and responded to by leading scholars Harold Attridge Donald A Hagner and Kathryn Greene McCreight providing a fitting conclusion to a radical academic project

The Writings of the New Testament Luke Timothy Johnson, 2010-03-01 Luke Timothy Johnson offers a compelling interpretation of the New Testament as a witness to the rise of early faith in Jesus Critically judicious and theologically attuned to the role of the New Testament in the life of the church Johnson deftly guides his reader through a wealth of historical and literary description and invites critical reflection on the meaning of these ancient writings for today The third edition is carefully updated and includes new student friendly format and features including a new design and study and reflection questions

identities to bibliodrama and other modern day approaches to the scriptures The exegetical studies in the first part explore issues related to early Christian eschatology virgin conception and Paul's complex argumentation about the Jews and their salvation in Romans 9-11 The essays on ancient and modern interpretations of the Bible in the second part pay special attention to ethical issues address the dark sides of its reception and discuss the biblical interpretations of Marcion and Joseph Smith The third section comprises studies on the Bible and Qur'an while the concluding chapter provides a comprehensive description of the Bible as scripture from a comparative perspective

Fair Play: Diversity and Conflicts in Early Christianity Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki Rissanen New Testament professor at the University of Helsinki consists of 22 essays written by his colleagues and students on Jesus the gospels Paul early Christianity and biblical interpretation Rissanen's own research has been characterized by methodological awareness combined with a keen interest in ethical issues Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue a real encounter and a recognition of diverging opinions In this spirit most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society The book is useful for scholars academic teachers and students interested in various aspects of the New Testament early Christianity and hermeneutics

The Limits of a Text Joshua Marshall Strahan, 2012-10-15 How does one limit a biblical text Can one limit it Should one These questions drive one to examine core assumptions of biblical interpretation assumptions about the aims and attitudes one brings to the task of reading the Bible Is the aim of biblical exegesis to uncover what really happened to discover the author's intentions to attend to the interpretations of readers ancient and or contemporary Furthermore should the interpreter approach biblical texts from a position of neutrality suspicion and or faith Strahan's book aims to offer a not the set of answers to these questions by bringing historiographical theory hermeneutical theory and theology into conversation a conversation centered around a case study that deals with limiting the meanings of an enigmatic Gospel text Father forgive them for they know not what they do Luke 23:34a Borrowing insight from Augustine's *De Doctrina Christiana* this book offers a renewed ecclesially located strategy for dealing with polysemy in biblical texts a strategy that holds together many of the strengths offered by contemporary theological interpreters
