The Bitter Road to Freedom William I. Hitchcock, 2008-10-21 Reading Group Guide for *The Bitter Road to Freedom* by William I Hitchcock

- 1 The story of the liberation of Europe has been told many times What new and surprising things did you learn from this book that you didn't know before
- 2 The book makes use of so many primary sources letters diaries old records and as a result we hear many voices Did these first hand accounts change the way you previously perceived the liberation of Europe Why or why not
- 3 Americans remember the end of WWII as a time of triumph and universal celebration in Europe when the occupied countries were finally freed from Hitler's tyranny What was life really like for Europeans during and after the Liberation Why do you think Americans remember the Liberation so differently from Europeans
- 4 The book discusses the violence and suffering that occur to the civilian population in even the most just of wars Do you think what happened in Europe after the war has present day applications especially regarding the war in Iraq and our escalating campaign in Afghanistan
- 5 Some might see this book as disparaging to the accomplishments of The Greatest Generation How do you think veterans of WWII will react to this book
- 6 Americans were surprised to find that they got along well with the Germans upon entering their country In what ways does Eisenhower's failed ban on American soldiers fraternizing with German civilians illustrate the differences between political ideology and basic human experience How might these differences still be true today
- 7 Were you surprised to find that survivors of the Holocaust faced such difficulties in the immediate aftermath of their liberation How might that treatment influence their view of the end of the war
- 8 Why do you think the large scale relief effort that America led in Europe through many charitable organizations and volunteer groups is not better known in the United States Should historians write as much about the humanitarian side of war as they do about battle field history

BEYOND the RHINE Donald Burgett, 2014-07-11 Donald R Burgett and the rest of the paratroopers of the 101st Airborne had fought long and hard since the Normandy invasion They fought through seventy two days of continuous combat in Holland and thirty days of frozen hell in Bastogne during the Battle of the Bulge War weary tired and bloodied Burgett and other Screaming Eagles of A Company were heading for the last battle the drive that would carry them through Alsace Germany's Ruhr Valley the Rhineland Austria and the end of the war in Europe The last push across Germany did not hold the full scale fanatic resistance the U S command had expected but rather small pockets of die hard Nazis unwilling to admit that they had lost It became clear why some did not wish to surrender Burgett and the other American soldiers discovered forced labor camps of half starved Poles Russians Czechs and Jews men women and children all forced to labor for the cause of Germany or die Burgett and his men liberated four Nazi concentration camps where inmates were starved brutally and systematically tortured medically and surgically experimented on and finally gassed and cremated Burgett writes German guards were still

forcing inmates to stoke the furnaces with human bodies as we tore through the barbed wire enclosures We witnessed atrocities that were beyond human comprehension The Americans fought on from the Black Forest in Bavaria to Berchtesgaden where VE day found the Screaming Eagles finally at rest in the Eagle s Nest Hitler s fabled mountaintop retreat Certainly now the hard charging paratroopers could return home to enjoy the fruits of their victory bloodied but proud to take up family life with loved ones in a world they fought to keep free But the war against Japan still raged however and the 101st was one of the two airborne divisions alerted for redeployment to the Pacific August 1945 brought atomic relief to Burgett and millions more around the world with the surrender of Japan On New Year s Eve 1945 Sergeant Burgett finally returned to his home in Detroit still just twenty years old

Hitler's Mountain Arthur Mitchell,2007 This work examines the political events that took place in Obersalzberg from the 1920s until the U S Army returned control of the area to the German government in 1995 Concentrating primarily on the years when Hitler was in residence it discusses his original acquaintance with Berchtesgaden and focuses on the symbolism of self identity and public perception Provided by publisher
