*Handbook of Career Development* Gideon Arulmani, Anuradha J. Bakshi, Frederick T. L. Leong, A. G. Watts, 2014-02-08 This book is focused on work occupation and career development themes that are fundamental to a wide range of human activities and relevant across all cultures Yet theorizing and model building about this most ubiquitous of human activities from international perspectives have not been vigorous An examination of the literature pertaining to career development counseling and guidance that has developed over the last fifty years reveals theorizing and model building have been largely dominated by Western epistemologies some of the largest workforces in the world are in the developing world Career guidance is rapidly emerging as a strongly felt need in these contexts If more relevant models are to be developed frameworks from other cultures and economies must be recognized as providing constructs that would offer a deeper understanding of career development This does not mean that existing ideas are to be discarded Instead an integrative approach that blends universal principles with particular needs could offer a framework for theorizing research and practice that has wider relevance The central objective of this handbook is to draw the wisdom and experiences of different cultures together to consider both universal and specific principles for career guidance and counseling that are socially and economically relevant to contemporary challenges and issues This book is focused on extending existing concepts to broader

contexts as well as introducing new concepts relevant to the discipline of career guidance and counseling *Resources in Education*, 1985 Counseling for Career Development E. L. Tolbert, 1980 *Research in Education*, 1973 Career Counseling Larry Cochran, 1997-04-08 This book should be viewed as essential reading for anyone interested in developing their understanding of the field of career counselling and developing their own approach Practitioners will find much they might want to consider incorporating into their own work British Journal of Guidance and Counselling As a career counsellor working with clients of all ages and situations I found Larry Cochran's new work both pragmatic and intellectually stimulating he provides fresh insight into the essence of career counselling examining the past to be able to understand the present in order to plan for the future Written in an accessible style this book is certainly something which encourages further re *10 Strategies for Reentering the Workforce* Mary E.
