Howell, 2018-03-03 Many of us are running on empty and on autopilot neglecting our health We are challenged by severe time constraints and great expectations to do more with less resulting in strained tolerances shortened and divided attention spans and sudden injury illness or crisis that halt us in our tracks THERE IS A BETTER WAY Effective self care is about recognizing our values beliefs influences perspectives and motivations that drive our behaviors and shape our outcomes This book highlights the challenges faced in our healthcare system and offers insights and resources to support living a healthier and happier life It is a guide for healthcare professionals patients caregivers and organizations It proposes that we explore how we define manage deliver experience and MODEL care It calls for a paradigm shift to a more engaged transparent and collaborative model that has an emphasis on self care **The Massachusetts register**, 1996 **"Code of Massachusetts regulations, 2011"**, 2011 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 *Nursing World*, 1930 Adkins v.
