Caring For Your Dog:

Loving Your Dog Dr. David Anderson,2015-06-11 After more than 40 years of working with studying and experimenting with training and behavioral methods and techniques involving canines I felt compelled to present this short version of the most successful ways for any dog owner to quickly and easily bring his own canine family member to a highly appreciated level of acceptance of peaceful existence in a human environment Over the years I have opened many books looking for useful information and closed it in disappointment What I found in most instances was a so called dog expert who had written 200 pages of his her experiences with 1 or 2 of their personal dogs My book addresses practically every negative issue that we humans have with dogs in our attempt to live with and love a new canine addition to our families I avoided showing photos that would tend to focus the readers on the training aspect of working with dogs over gaining a sound understanding of how canines think and function within their own society I want the readers to develop their own styles in the application of my proven methods The end result will be that you will have an AMAZING dog One that is so well behaved intelligent happy and complimented by anyone who has an opportunity to meet him her You can t help but love and cherish an animal like that Finally I am going to give every dog owner some words that they need to hear Get yourself a Bible Go to Psalm 36 6 Says that God Cares for people and animals Alike It means to me that its alright for us to truly show love and affection to our canine son or daughter as we do our own When you look into the eyes of your canine you will see the love and appreciation that they have for you Canines and humans have a long history of togetherness Using my methods you can have that ultimate experience too

Caring for Your Dog Alan Rushing, 2014-08-04 Dogs have spent thousands of years as domesticated animals The bonding of dog and man has been mutually satisfying on many levels However humans like you have the responsibility of taking care of your pets Here are several tips that will help you keep your dog healthy Do not feed your dog from the table Feeding it from the table only reinforces begging The dog will also be less likely to eat its normal food Overfeeding him will lead to obesity diabetes and heart disease too Make your dog leave the room if he begins to beg or train him to spend mealtimes in another room entirely Train your dog in your backyard or home as these are safe convenient areas Training in busy areas with lots of people around should be avoided It will be very distracting for your pup Ask your vet about which

foods he can eat Sometimes your puppy may not be developed enough to consume certain brands as this can lead to an upset stomach or sicknesses Always be cautious when you re thinking of feeding your dog Whenever your dog performs a good action such as sitting or staying give it praise and rewards Make your pet understand you are pleased with the behavior and expect to see it again In this way your dog will learn that desired behavior brings praise Speak to your vet about your dog s eating habits While some people feed them according to the dog food package guidelines these guidelines can be incorrect and lead to an overweight dog Speak with your vet and work out an appropriate eating plan for your dog When you get a new dog it is best that you schedule a check up at the vet right away Make a vet appointment right after the dog comes home The vet is going to check over your pet to see if everything is okay as well as set it up to get vaccinations it may need Consider having your pup spayed or neutered as there is already an overpopulation problem If you ve been considering adopting a dog but still aren t sure you could try to become a foster owner first Dogs who have been abused or left without a home stay in shelters until someone adopts them Since there are so many dogs in shelters there are little resources Fostering a dog will both help the cause and allow you to test drive the responsibility involved with pet ownership Avoid matting on your dog s paws by keeping the hair on them trimmed You should use a comb to straighten out the hair a bit before trying to trim it If you don t feel comfortable doing this take your pet to a groomer Get into pet politics Be on the lookout for any new laws that may be passed which could restrict your rights as a dog owner Sometimes a small number of bad dogs get more publicity than a large number of good dogs Be sure to voice your concerns in regards to dogs and dog owners by staying in touch with local officials As a dog owner you need to repay your dog s affection with responsible reliable care Now that you know what to do you should be prepared to do it Start using these tips to make your dog happier and healthier With Thanks To Nicole
