Caring For Creation:

Caring for Creation Paul Douglas, Mitch Hescocox, 2016-10-04 Faith Based Solutions to Caring for the Earth Climate change is a confusing and polarizing issue It may also prove to be the most daunting challenge of this century because children the elderly and the poor will be the first to feel its effects The issue is all over the news but what is seldom heard is a conservative evangelical perspective Connecting the dots between science and faith this book explores the climate debate and how Christians can take the lead in caring for God s creation The authors answer top questions such as What s really happening and Who can we trust and discuss stewarding the earth in light of evangelical values Acting on climate change is not about political agendas they say It s about our kids It s about being a disciple of Jesus Christ Capping off this empowering book are practical simple ideas for improving our environment and helping our families and those around us *Caring for Creation* Calvin B. DeWitt, 1998 Christianity must and can provide an effective response to the need for human care of the creation *Creation Care* Douglas J. Moo, Jonathan A. Moo, 2018-02-27 What does the Bible say about the natural world and its place within God s purpose From Genesis to Revelation the Bible reveals a God whose creative power and loving care embrace all that exists from earth and sky and sea to every creature Yet the significance of the Bible s extensive teaching about the natural world is easily overlooked by Christians accustomed to focusing only on what the Bible says about God s interaction with human beings In *Creation Care* father and son team Douglas and Jonathan Moo invite readers to open their Bibles afresh to explore a comprehensive biblical theology of creation care as well as a careful analysis of the most up to date scientific data about the state of our world Following the contours of the biblical storyline they uncover answers to questions such as What is the purpose of the non human creation Can a world with things like predators parasites and natural disasters still be the good world described in Genesis 1 What difference does the narrative of the Fall make for humankind s responsibility to rule over other creatures What difference does Jesus make for our understanding of the natural world How does our call to care for creation fit within the hope for a new heaven and a new earth What is unique about Christian creation care compared with other approaches to environmental issues How does creation care fit within the charge to proclaim the gospel and care for the poor Rather than merely offering a response to environmental concerns *Creation Care* invites readers into a joyful vision of the world as God s creation in which they can rediscover who they truly are as creatures called to love and serve the Creator and to delight in all he has made _____ Part of the *Biblical Theology for Life* series this practical and robust book will help you develop an effective and faithful Christian response to the scriptural teaching about the created world **The Care of Creation** R. J. Berry, 2000-06-13 There is a belated awareness that scientific and political solutions alone are inadequate when dealing with environmental damage This study from a Christian perspective focuses on active ways to address the state the planet is in **John Stott on Creation Care** R.J. (Sam) Berry, Laura Yoder, 2021-10-21 Discover John Stott s writings on creation care brought together for the first time in this definitive

collection for the global church Compiled by R J Sam Berry and Laura Yoder this brilliant anthology demonstrates both Stott's passion for the environment and its place in Christian discipleship Showcasing his unique way of explaining the Bible simply and clearly John Stott on Creation Care traces Stott's own process of coming to embrace creation care as a vital part of the Christian life and in turn shows us how creation care must have an integral place in our own discipleship Commentary by noted scientist R J Sam Berry connects Stott's writings together and illuminates how his wisdom still speaks to us today Alongside reflections from others that Stott inspired and disciplined John Stott on Creation Care is the perfect resource for every Christian looking to understand biblical teaching on the environment and how creation care should form part of their discipleship It is also an ideal biblical and theological resource for those involved in creation care ministry Published as part of the John Stott Centenary celebrations proceeds from John Stott on Creation Care will go to A Rocha International a charity that carries community based conservation projects in response to biodiversity loss around the world John Stott viewed creation care as an inevitable implication of the biblical message and as a grounding for Christian engagement in environmental commitments This collection will give you a deeper more thorough understanding of his writings and how his views developed and will leave you motivated and inspired to look again at your discipleship and how you approach creation care

Lee,2019-09-23 *Caring for Creation* argues that progress has been made in areas such as protection of endangered species the sustainable agriculture movement and recycling While much remains to be done in these and other areas this progress is cause for optimism about the future In substantial measure the American experience is the story of environmental destruction and degradation deforestation annihilation of species contamination of surface water and ground water and much more At the same time the American experience is also the story of triumph the preservation of threatened and endangered species such as American bison and bald eagles new farming methods that reduce environmental impact impressive gains in recycling This volume documents those crises and successes Today we face new challenges among them climate change which if not slowed down will have devastating consequences There is also more work to be done in areas in which progress has been made including protection of endangered species and recycling Yet this volume argues as we look at the progress that has been made we may embrace the future with hope The work contends that if we live our lives in ways conducive to the wellbeing of the biotic communities that sustain life and support candidates for public office and organizations committed to environmental protection our children and grandchildren will have the opportunity to experience the goodness of a flourishing creation

The Natural History of Creation Michael Anthony Corey,1995 *The Natural History of Creation* is the third and final installment in M A Corey s natural theology series This remarkable trilogy has worked in tandem with the findings of modern science to help spearhead the rebirth of the once dead natural theology movement In this detailed yet easy to read work the author focuses on the religious account of creation found in Genesis One and comes to the astonishing conclusion that there

is indeed much scientific truth to be found in this ancient work Many other writers have also noticed the breathtaking parallels that exist between modern evolutionism and the creation account given in the Bible but nowhere will the reader find a more thorough description of them than in *The Natural History of Creation* Back cover **Caring for Creation**, 2012

Through the biblical idea of the interwoven created order in both its cultivated and uncultivated parts we recognize nature's significance and worth and our membership in it Our contributors commend practices to help us faithfully care for creation

Jame Schaefer explains how early theologians valued creatures intrinsically for their unique goodness and instrumentally for the sustenance they provide to others yet valued most highly their complex interrelation in the world Elizabeth Theokritoff develops the ancient Christian idea that the natural world may reveal the ways and will of God if we are prepared to read it rightly From the scenic wonders of designated wilderness areas to the ordinary oak forests and cattail marshes adjoining suburbs that link them in a natural tapestry Susan Bratton agrees the entire network is an important spiritual resource an interactive exercise in understanding God's will and original intentions for creation Caring for all of creation must begin close to home in the particular places that we come to know and love Jeff Bilbro emphasizes Indeed The food we eat both what we eat and how we eat it may be the most significant witness to creation care we perform Norman Wirzba writes We can become more mindful of creation through activities as simple as a community garden Elizabeth Sands Wise chronicles her congregation's first attempt at gardening to provide fresh vegetables and herbs for members neighbors and the poor in the community Christian Reflection is an ideal resource for discipleship training in the church Multiple copies are available for group study at 3.00 per copy The study guides and lesson plans integrate Bible study prayer and worship to help us care for creation The guides can be used in a series or individually You may download and reproduce them for personal or group use Publisher Description
