Crate Training Your Dog Pat Storer, 2012-03-11. Ease Your Mind and Indulge Your Dog. If you want your dog to feel safe and secure in your home, it's time to crate train. A crate is designed as much for a dog's well-being as it is for the owner's convenience and peace of mind. For example, a crate keeps a curious puppy away from chemicals under the kitchen sink, gives a sick or convalescing dog a quiet place to rest, and secures a rambunctious dog during car trips. Crate training works because dogs, like their wild ancestors, desire a snug den that affords security and privacy. When dogs are crate-trained properly, they accept and even enjoy their sequestered time. Pat Storer shows you how to maintain a positive, loving attitude while being firm and consistent with your dog. With Storer's advice on choosing the right crate, step-by-step instructions, and tips for dealing with crate-related behavior,
