Caris Characters:

Representations of the Local in the Postmillennial Novel Milena Kaličanin, Soňa Šnircová, 2022-10-11 This book discusses a rich variety of voices from the margins and experiences of living in the postmillennial globalised world represented in selected novels by Irish Canadian British American Serbian Australian Iraqi and Mori authors Contributions focus on illustrative examples of the contemporary novel that reflects acute awareness of globalizing processes and the rising tension between global and local identities discourses and trends In its diversity the book serves to map voices from the new margins overshadowed by the intense pressure of globalization Whether these new margins are ethnic minorities living in globalized centres of contemporary metropolises or authors whose national local or regional voices are marginalized by works with more global ones they are equally deserving of the attention of general readers university students and literary scholars The book will primarily appeal to scholars in the fields of literary gender postcolonial and food studies but will also be of interest to a broader readership involved in explorations of literary works in the context of globalizing processes

Myths and Memories of the Black Death Ben Dodds, 2021-12-11 This book explores modern representations of the Black Death a medieval pandemic The concept of cultural memory is used to examine the ways in which journalists writers of fiction scholars and others referred to described and explained the Black Death from around 1800 onwards The distant medieval past was often used to make sense of aspects of the present from the cholera pandemics of the nineteenth century to the climate crisis of the early twenty first century A series of overlapping myths related to the Black Death emerged based only in part on historical evidence Cultural memory circulates in a variety of media from the scholarly article to the video game and online video clip and the connections and differences between mediated representations of the Black Death are considered The Black Death is one of the most well known aspects of the medieval world and this study of its associated memories and myths reveals the depth and complexity of interactions between the distant and recent past
