hugged more I could have expressed more how much I appreciated you and told you how much I was proud of you and just how much I loved you But the truth is no matter how much more or how long I still would not have been ready to let go of you How do you prepare for something like this And now we must learn to live with and live through what we were never prepared or ready for For a while I wrestled about feeling like I was moving on without you Now I realize I take you with me in spirit and in my heart everywhere I go and we go on together I love you *Happiness Beyond Grief Betty's Story* Rev. BEYOND GRIEF ALLYSHIA V. HINTON,2025 *Beyond Grief 2.0* Alexys V. Wolf,2025-12 This is the expanded version of my original small book titled *Beyond Grief* After losing my mom in October 2025 I was compelled to write more extensively concerning grief This will not be the typical book that may be shared in church group settings though there are great books for that setting My dad is currently in a grief class and he loves the book they re studying This is a somewhat different stance centered entirely on God s supernatural healing that comes only through surrendering to every area of grief we may encounter Grief can be a healthy and beneficial process as we all must navigate loss and disappointment to find relief In fact not grieving properly can be a health hazard because we bottle everything inside causing stress and anxiety There is a time and season for everything per Ecclesiastes 3 1 8 I have been asked over the years if I had written a book on grief and the answer was always No On November 3 2022 the Lord woke me with a sense of urgency to write one At that time the world spent nearly three years battling the COVID 19 pandemic too many deaths to count and a slew of other grievous occurrences It proved to be some of the toughest years of the last century We need God s healing the soothing balm of Gilead mentioned in the Old Testament We need Jesus There are wounds so deep that cut right through our spirit where only Holy Spirit can

reach Grief is not exclusive to death It can come from loss of a job career reputation pet opposing political leaders in office racism sudden life altering changes family dissention children don t love or respect parents parents don t love or respect you and so much more Living Beyond Grief Roy Harris,2017-06-17 Merriam Webster s Dictionary defines grief as deep and poignant distress caused by bereavement The Cambridge Dictionary describes it as very great sadness and the English Oxford Dictionary defines it as intense sorrow especially caused by someone s death Grief brings deep sorrow and mental distress caused by loss remorse or affliction Grief is an emotion that is a normal part of life The word grief means pain or sorrow over a loss that hurts deeply It is a life changing emotion and it can be a life shattering emotion Grief may generate other emotions like fear anger resentment worry and guilt Grief may manifest itself in a variety of ways such as loss of sleep loss of appetite and loss of self control However one might define it grief is one of the most painful emotions and periods of grief are some of the most difficult times we face in life How we handle grief will impact our immediate and long term happiness Decisions made during periods of grief can unknowingly create barriers to future hope and happiness It is possible to not only survive grief but also to thrive on the other side of grief The following pages record one man s journey through the grieving process and also encouragement and advice for others who may be traveling down a similar road This book suggests helpful ways to not only deal with grief but also to thrive on the other side of it The book can be a valuable resource for those who are trying to navigate the stormy waters of Grief By a copy read it then pass it on to others who might benefit from it **Beyond the Broken Heart** Julie Yarbrough,
