

Beyond Interpretation

The Meaning of Hermeneutics
for Philosophy

Gianni Vattimo

Beyond Interpretation

Gavin Flood

Beyond Interpretation:

Beyond Interpretation John E. Gedo, 2021-04-14 Hailed as important book certain to stir extended psychoanalytic debate American Journal of Psychiatry on publication in 1979 Gedo's *Beyond Interpretation* set forth a radically new theoretical framework and clinical agenda for modern psychoanalysis The theoretical framework revolved around Gedo's reconceptualization of human personality as a hierarchy of personal aims culminating in a self-organization The clinical agenda followed from the need for interventions that regularly went beyond interpretation in helping patients cope with primitive illusions failures of integration and traumatization In this extensive revision of the 1979 text Gedo refines his original formulations in light of the empirical findings and clinical advances of the past 15 years

Beyond Interpretation Gianni Vattimo, 1997 Hermeneutics has had a pervasive influence on contemporary philosophy social and cultural theory literary criticism and aesthetics It has become so widespread an instrument that its very meaning threatens to dissolve into vague generalities empty of significance and wedded to a shallow relativism In this book one of Europe's foremost contemporary philosophers provides hermeneutics with a fresh relevance and a substantive account of its philosophical meaning for science ethics religion and art Vattimo argues for a reading of hermeneutics that radicalizes it according to what the author calls its nihilistic vocation a term referring to the interpretive character of truth and taken from Nietzsche's statement that there are in the modern period no facts only interpretations Modernity for Vattimo is conceived as the advent of nihilism and the central question of the book is to ask what it means to take this nihilistic vocation seriously This involves not simply accepting the current status of hermeneutics but evaluating why it appears when and where it does By way of a response to a number of questions only briefly treated in the text as well as to broaden the author's argumentation on various points there is an appendix containing two previously published essays *The Truth of Hermeneutics* and *The Reconstruction of Rationality*

Beyond Phenomenology Gavin Flood, 1999-08-01 This book argues that the understanding and explanation of religion is always historically contingent Grounded in the work of Bakhtin and Ricoeur Flood positions the academic study of religion within contemporary debates in the social sciences and humanities concerning modernity and postmodernity particularly contested issues regarding truth and knowledge It challenges the view that religions are privileged epistemic objects argues for the importance of metatheory and presents an argument for the dialogical nature of inquiry The study of religion should begin with language and culture and this shift in emphasis to the philosophy of the sign in hermeneutics and away from the philosophy of consciousness in phenomenology has far-reaching implications It means a new ethic of practice which is sensitive to the power relationship in any epistemology it opens the door to feminist and postcolonial critique and it provides a methodology which allows for the interface between religious studies theology and the social sciences

Beyond Lacan James M. Mellard, 2006-10-05 In *Beyond Lacan* James M. Mellard traces psychoanalytic literary theory and practice from Freud to Lacan to Žižek While Freud effectively presupposes an unconscious that is textual it is Lacan whose theory all

but articulates a textual unconscious as he offers the epoch a cutting edge psychoanalytic ideology Mellard considers this and then asks Which Lacan Is there one or many Early or late As Z iz ek counters the notion of a single unitary Lacan Lacanians are asked to choose Through Lacanian readings of various texts from novels like Ellison s Invisible Man and O Connor s Wise Blood to short stories by Glaspell and Fitzgerald Mellard shows that in critical practice Lacanians produce a middle Lacan between early and late Mellard concludes by examining why Z iz ek has perhaps transcended Lacan More than any other it is Z iz ek who has constructed early and late Lacan making possible that middle Lacan of praxis but in the process he has also claimed an independent authority Ultimately Mellard explains how Z iz ek offers a post Lacanian critique one built on a pervasive philosophy of paradox that opens new avenues of analysis of contested cultural and literary issues such as subjectivity political economy multiculturalism and religious belief

Commentaries Donald Silver,2014-05-22 First published in 1994 This is Volume 1 No 2 of the Psychoanalytic Inquiry which focuses on commentaries on John Gedo s Beyond Interpretation We see Beyond Interpretation as offering a seasoned and detailed proposal The essayists have been chosen for their well established competence and differences in background from the author and from each other This issue of Psychoanalytic Inquiry consists of six essays written in response to Gedo s ideas In tum Gedo responds to the essayists The scope of issues covered in Beyond Interpretation can best be appreciated when we consider that Gedo offers a critique of existing psychoanalytic theory a proposal for specific revisions in both general and clinical theory and specific proposals for revisions of analytic technique

The Complete Works of Friedrich Nietzsche: Beyond good and evil, tr. by Helen Zimmern Friedrich Wilhelm Nietzsche,1911 Adorno's Positive Dialectic Yvonne Sherratt,2002-10-10 This book offers an interpretation of the work of Theodor Adorno In contrast to the conventional view that Adorno s is in essence a critical philosophy Yvonne Sherratt traces systematically a utopian thesis that pervades all the major aspects of Adorno s thought She places Adorno s work in the context of German Idealist and later Marxist and Freudian traditions and then analyses his key works to show how the aesthetic epistemological psychological historical and sociological thought interconnect to form a utopian image The book will be eagerly sought out by students and specialists in philosophy social and political theory intellectual history literary theory and cultural studies

Mama's Boy Roel van den Oever,2012-09-24 In postwar America the discourse of Momism advanced the idea that an over affectionate or too distant mother hampers the social and psychosexual development of her children in particular her sons Deemed worst of all was the outcome of homosexuality since the period saw an intense policing of sexual deviance van den Oever zooms in on four instances of the cultural representation of Momism The Grotto by Grace Zaring Stone Suddenly Last Summer by Tennessee Williams Alfred Hitchcock s Psycho and Portnoy s Complaint by Philip Roth to offer new commentary on canonical texts a particular moment in American culture and future reading strategies

Nietzsche's Corps/e Geoff Waite,1996 Appearing between two historical touchstones the alleged end of communism and the 100th anniversary of Nietzsche s death this book offers a provocative hypothesis about

the philosopher's afterlife and the fate of leftist thought and culture At issue is the relation of the dead Nietzsche corpse and his written work corpus to subsequent living Nietzscheanism across the political spectrum but primarily among a leftist corps that has been programmed and manipulated by concealed dimensions of the philosopher's thought If anyone is responsible for what Geoff Waite maintains is the illusory death of communism it is Nietzsche the man and concept Waite advances his argument by bringing Marxist especially Gramscian and Althusserian theories to bear on the concept of Nietzscheanism But he also goes beyond ideological convictions to explore the vast Nietzschean influence that proliferates throughout the marketplace of contemporary philosophy political and literary theory and cultural and technocultural criticism In light of a philological reconstruction of Nietzsche's published and unpublished texts Nietzsche's Corpse shuttles between philosophy and everyday popular culture and shows them to be equally significant in their having been influenced by Nietzsche in however distorted a form and in a way that compromises all of our best interests Controversial in its decelebration of Nietzsche this remarkable study asks whether the postcontemporary age already upon us will continue to be dominated and oriented by the haunting spectre of Nietzsche's corpse Philosophers intellectual historians literary theorists and those interested in western Marxism popular culture Friedrich Nietzsche and the intersection of French and German thought will find this book both appealing and challenging

Cognition and Literary Interpretation in Practice Harri Veivo, Bo Pettersson, Merja Polvinen, 2005
