Orbs and Beyond John Pickering, Katie Hall, 2015-03-27 This the second book in the Beyond Trilogy expands on John and Katie's experiences and photographs of the orb phenomena covered in their first book It reveals astounding new photographs and opens up exciting new questions about the whole nature of paranormal phenomena in general John and Katie's photographs of orbs angels and other apparitions have brought them into worldwide contact with other experiencers and researchers it is from this basis that they now take a major step beyond the visible photographable phenomena and current New Age notions about orbs to reveal new insights about the paranormal Could it be that orbs are the indicators of a wider beyond reality Is the symbology of orbs as images of oneness drawing our attention to the most important orb of all the orb of Earth on which we all live Their ongoing photographs personal experiences and the amazing synchronistic events they found themselves part of reveal a conscious purposeful phenomena that can interact with us as individuals wherever and whenever we are This inevitably leads to a spiritual perspective that crosses all religious and cultural boundaries helping us to see that this one blue orb of Earth on which we all live is greater than all that divides us Orbs Beyond is the vital visual link between Beyond Photography and the forthcoming Beyond Reality [Beyond Photography](#) Gerard J.
