Beyond Visions Of The Interplanetary Probes:

Beyond Michael Benson,2003-10-21 Presents photographs from the history of robotic space exploration providing a visual narrative of the solar system s planets moons and asteroids **Beyond** Michael Benson,2006-11-08 Since the 1960s the National Aeronautics and Space Administration has been sending unmanned satellites to explore the planets moons and sun These probes have amassed a stunning visual record of other worlds revealing not one but scores of new frontiers from rust red Mars to the ethereal rings of Saturn In *Beyond* author Michael Benson has pulled together the most spectacular of these images into one volume that presents these photographs for the first time as art The resulting book consists of two parts the first is a spectacular visual tour of the solar system with views every bit as compelling as the work of the great landscape photographers on earth the second is a series of beautifully written essays that explain the story behind these photographs the history of the probes journeys how they work and why they were built *Beyond* Michael
