Cruise Tourism in the Caribbean Martha Honey, 2019-06-17

This book explores the lessons learned from half a century of Caribbean cruise tourism one of the most popular and profitable sectors of the tourism industry The modern day cruise industry dates from the 1960s when the three major cruise lines Carnival Royal Caribbean and Norwegian set up shop in Florida and began selling winter cruises to the Caribbean targeting American retirees For geopolitical reasons the US initially excluded cruises to Cuba This changed in 2016 following the historic Obama Castro agreement to move towards diplomatic trade and travel normalization Cuba quickly became the Caribbean's fastest growing cruise destination This book considers the limited economic benefits of cruise tourism its environmental and social impacts and the effects of climate change and overtourism Based on this analysis and case studies of key Caribbean and Mediterranean destinations this book cautions against overdependence on cruise tourism and outlines reforms needed to bring more benefits and equity to Caribbean countries It will be valuable to professionals businesses development agencies NGOs and academics interested in a sustainable cruise industry and the economic well being of Caribbean island nations
